3 Killed, 4 Wounded In Communist Headed Riot

DEVELOPS WHEN TENANT IS EVICTED FROM CHICAGO HOME

ENTIRE NATIONAL GUARD OF
ILLINOIS AT SUMMER CAMP
IS HELD FOR ACTION

BLOODY RIOT OCCURS IN NEGRO DISTRICT WHERE MANY ARE UNEMPLOYED

Chicago, Ill., Aug. 4.—(U.P.)—The entire national guard force of the state of Illinois, massed at Camp Grant for summer training, was held in readiness today for action while hundreds of police patrolled a riot torn section of Chicago where three men were killed and four wounded in a communist headed uprising that developed because a tenant was evicted from his home.

A request that the already mobilized troops, numbering several thousand, be prepared to advance into the city on short notice was received last night from Mayor Anton J. Cermak, who was at Mackinac.

The order came a few hours after a bloody riot in a negro district where many residents have been unemployed during the depression and where communist leaders, some of them trained in Russia, have caused eviction battles much trouble for several weeks. Several times, it was said, mobs have defeated efforts to put tenants out. An emergency meeting of police officials, city cabinet members, and leaders of the city's 250,000 negro residents was held last night.

The message from the mayor, requesting that the troops be held in readiness and that all eviction orders be upheld temporarily, was read. Negro spokesmen declared the riot was not a result of racial feeling but that the situation was fully as dangerous as indicated by the street fighting.

The rioting late yesterday started when two municipal bailiffs and two policemen accompanied by M. J. Killiner, a real estate agent, went to 4311 South Michigan Avenue and moved into the street the household goods of the negro tenant.

While the eviction was in progress several thousand unemployed communist sympathizers were being organized for a parade in a park not far away. When word reached them of the eviction, the rioting started.

Reports of what followed were conflicting. The police with Killiner were attacked. Reserves were rushed out. There was open fighting in the streets. One squad car which arrived early contained two white policemen, John McFadden and Martin Ernst, and a negro officer, Fred Graham. It was surrounded by the mob, the police were dragged out and beaten unconscious.

Other squads, arriving later, drove back the rioters with gun fire and found the three officers upon the pavement. McFadden's head had been pounded against the concrete until his skull was fractured. The other two had been slashed with knives, stoned and beaten with clubs.

The three men killed were all negroes and members of the mob. One was shot down as he stood over an unconscious policeman with a gun, ready to shoot. One was identified as John O'Neil, in whose pockets was found a membership card issued by the Unemployed Council, said by police to be a communist organization.

Minneapolis, Minn., Aug. 4.—A throng of 100 protesting neighbors was dispersed peacefully last night when six gun squads and police reinforcements came to the aid of Patrolman Louis Bliss in serving an eviction order in North Minneapolis. The friends of the family hooted the police until a riot had brought more reserves. Then the demonstration broke up.

ROBBED DETROIT OF \$207,000 IN CITY POOR FUNDS

Detroit, Mich., Aug. 4.—(U.P.)—Alex F. Lewis, swagging 27-year-old thief of \$207,000 in city poor funds, today was sentenced to serve from seven and one-half to ten years in Jackson prison. He pleaded guilty to an embezzlement charge a month ago.

The defalcations of Lewis, a former \$130 a month public welfare department clerk, precipitated a searching inquiry into the city's dole system by which more than \$15,000,000 was disbursed last winter.

Psychiatrists described Lewis as a "mental case," a man suffering from an inferiority complex which he tried to compensate by spectacular outbreaks of affluence.

Mayor James J. Walker Sails for Europe

New York, Aug. 4.—(U.P.)—Mayor James J. Walker sailed for Europe last night aboard the Bremen, bound for Germany where he will take a month's rest cure.

TOTAL POPULATION OF MINNESOTA IS 2,563,953

St. Paul, Aug. 4.—(U.P.)—The total population of the state of Minnesota was announced as 2,563,953, today by the federal director of the census.

Of this number 2,538,973 are white. Of the remainder the Indians make up the largest group with more than 11,000 registered. More than 9,000 negroes reside in the state and 3,600 Mexicans were counted. Although there are 524 Chinese, only 69 Japanese were counted.

The total population for the United States for 1930 was given as 122,775,946 and was comprised of the following groups: White, 108,864,207; Negro, 11,891,143; Mexican, 1,422,533; Indian, 332,397; Chinese, 14,954; Japanese, 138,834 and all others 50,978.

\$300,000,000 PUBLIC BUILDINGS UNDER WAY SOON

PRESIDENT HOOVER SAYS CON- STRUCTION WILL COUNTER- ACT UNEMPLOYMENT

U. S. EMPLOYMENT SERVICE BE- LIEVED TO BE FUNCTION- ING WELL

Washington, Aug. 4.—(U.P.)—President Hoover said today that more than \$300,000,000 of public building construction would be under way by fall to counteract unemployment conditions.

Mr. Hoover also made public today a report from Secretary of Labor Doak describing what Doak stated were "splendid results" obtained by the new United States employment service.

In making a treasury department report on progress of the building program, Mr. Hoover said preliminaries are nearly completed and the projects were moving along rapidly now.

A total of 758 buildings has been authorized at a cost of about \$453,000,000, according to the report. It stated six additional projects have been completed in the 60 days prior to July 15 bringing the total of completed buildings up to 57 at a cost of \$25,326,876.

Jobs for 281,768 unemployed were found by the service from April 1 to July 31, Doak reported to Mr. Hoover. He added that all the affiliated co-operative employment offices combined found jobs for 638,689 persons in the same period.

Reporting the accomplishments of his work to his chief, Doak stated:

"The number of jobs that have been provided for the unemployed would undoubtedly be considered formidable under any conditions but when the economic depression through which we are passing is taken into consideration a reflection will illustrate not only the importance of this task but the splendid results that have been attained.

"If there are other jobs to be had, this service proposes to locate them.

"We are paving the way, on solid foundation for real employment service that could not be obtained by any other means."

WARNING SOUNDED BY PRESIDENT GREEN

New Bedford, Mass., Aug. 4.—Unless the United States government greatly increases its program of public works in order to absorb larger numbers of the unemployed there is danger of overthrow of the country's economic structure, President William Green of the American Federation of Labor, warned in an address today.

Should that happen, Green told the Massachusetts Federation of Labor's convention, "something much worse will be substituted."

Green asked that President Hoover call an immediate conference of financiers, labor representatives and economists for intimate discussion of the unemployment problem.

He suggested that following the conference employers pledge that they will retain all employees now at work.

Green said records of his organization showed there were approximately 6,000,000 unemployed men at present.

"The unemployed man is a menace to his community," Green said, "and 6,000,000 unemployed men increase that menace 6,000,000 fold."

The unemployment situation was especially alarming because of its duration, Green said. He advocated shortening of the work week not only to five days, but even to as much as three days in some places to distribute work among greater numbers and to prevent lay-offs.

"Laborers have greatly increased their efficiency and we must reduce the hours of labor to meet the situation," he declared.

He criticized employers who levied wage cuts, terming such reductions "silly."

Drag River at Georgetown, S. C., For Bodies of 17 Negroes and 2 White Men Drowned

TRUCK CRASHED THROUGH OPEN DRAWBRIDGE

BRIDGE WAS OPEN TO PERMIT PASSING OF FISHING CRAFT

FAULTY BRAKES FAIL TO HOLD, TRUCK PLUNGES INTO SAN- FORD RIVER

Georgetown, S. C., Aug. 4.—(U.P.)—Waters of the Sanford river near here were dragged today for the bodies of 17 negroes and two white men drowned when a truck on which they were riding crashed through an open drawbridge two miles south of Georgetown.

Several truckloads of negro school children had gone from Andrews, S. C., to Riverside Park, near Charleston, for a day-long meeting. They had hired the trucks, driven by white men.

On returning towards Andrews last night, the truck driven by W. L. Newton and his son, bearing 18 negroes, approached the drawbridge over the Sanford, which was open to permit passing of fishing craft.

For some unexplained reason—believed to be faulty brakes—the truck failed to stop, crashing through the protecting chains and plunging the entire human load into the river, sinking out of sight.

Only one of the passengers, a negro, escaped death. One body had been recovered today.

LINDBERGH ARE NOW SAFE AT BAKER LAKE

FLYING HAZARDOUS ROUTE TO TOKIO FOR SUMMER VACATION

HAD BEEN UNREPORTED SINCE SEVERE ELECTRICAL STORM HAMPERED RADIO

Winnipeg, Man., Aug. 4.—(U.P.)—The radio operator at Baker's Lake said this afternoon that strong head winds may cause Col. Charles A. Lindbergh and his wife to stop at Copper Mines to refuel on their flight to the Orient. Lindbergh was expected to leave shortly, the operator said.

Copper Mine is a river in the northern wilderness between Baker's Lake and Aklavik. It was believed that he would stop at a gasoline base near where the river flows into Coronation Gulf.

The message from Baker's Lake was relayed from Churchill at 12:11 P. M. The radio operator at Baker's Lake said Lindbergh was still there preparing for the take-off.

Churchill, Man., Aug. 4.—(U.P.)—Colonel and Mrs. Charles A. Lindbergh, safe at Baker Lake on their "vacation air tour" to the Orient, were planning today to start another lap on their journey.

They landed at 4 P. M. CST. yesterday at Baker Lake, having made a flight from Churchill.

Churchill, Man., Aug. 4.—(U.P.)—Col. Charles A. Lindbergh and Mrs. Lindbergh, flying a hazardous route to Tokyo for a summer vacation were believed safe at Baker Lake today, despite the fact no word has been received from them since a severe electrical storm interrupted radio communication with the plane.

A severe electrical storm which swept around the Arctic circle cut off the Lindberghs from the rest of the world yesterday after they took off here on a 377-mile flight to Baker Lake.

Col. Lindbergh considered the flight so lightly he didn't even wait for luncheon before starting, but trappers and traders who know these northern wilds and the storms that brew above them were not so optimistic and when the gale blew in, some fears were felt for the safety of the noted flying couple.

That Mrs. Lindbergh, radio operator on the pioneering trip, was unable to pierce the storm with the portable outfit in the plane was not considered strange, however. Once before, near Moose Factory, last Saturday, the Lindberghs were "lost" because she couldn't get a message through. Later it developed they had landed on schedule and had never been in trouble.

Hopes of the northland today were that they again were "lost" only to the outside world and that, in fact they were safe in Baker Lake.

John Wilson Beattie, North Dakota Pioneer, Dies in Automobile

Minot, N. D., Aug. 4.—(U.P.)—John Wilson Beattie, 76, pioneer settler in the northwest, died in an automobile en route to Sherwood, N. D., last night.

Beattie, one of the founders of Mitchell, S. D., was riding in an automobile driven by his son, W. Van Beattie, an elevator superintendent for the Atlantic Elevator Co., Minneapolis, Minn.

Beattie was a member of the Masonic order and Commander of Knights Templar at Mitchell. Surviving are his widow, one daughter, Mrs. John W. Hutchins, Minneapolis, two sons, Ralph Smith Beattie and W. Van Beattie, and four grandchildren.

PRIVATE BANKS IN GERMANY RESUME TRANSFERS

VARIOUS EMERGENCY MORATOR- IUM MEASURES GRADUALLY RELAXED

REOPENING OF BANKS IS STEP TOWARD RESUMING NOR- MAL LIFE

By FREDERICK KUH
Berlin, Aug. 4.—All private banks at 9 A. M. today resumed transfers on a normal business basis after a three weeks' enforced bank holiday.

The various emergency moratorium measures adopted by President Paul Von Hindenburg gradually have been relaxed and the re-opening of the banks was regarded as a long step toward resumption of a normal economic life in Germany, torn by financial uncertainty.

Private depositors and corporations began withdrawing from certain banks and transferring deposits to others in which they had more confidence.

Unlimited public drawing from bank balances will be re-commenced tomorrow, the government indicated, when the paying counters re-open.

Interest today, however, centered in observing which banks funds were being taken and to which they were transferred, as well as the extent of these transfers.

The outcome of today's transfers, it was emphasized, will be a barometer of the financial nervousness or confidence of the general public after three weeks of intense strain.

Early advices indicated no unexpected heavy runs on any banks. The heaviest withdrawals were reported on the Danat and the Dresdener banks, both affected by the recent crisis.

The bank holiday was decreed by the government three weeks ago in order to give the country a "breathing spell" and permit the people to regain confidence in the country's national and private banking houses.

International co-operation in the extension of large comparatively longer-term credits to Germany in the meantime has tended to stabilize the situation and the government has relaxed its grip on the banks.

IS ROBBED OF \$100,000 WORTH UNSET DIAMONDS

JULIUS DREYFUS, NEW YORK DIAMOND MERCHANT, RESET BY ROBBERS

WHILE A BUS PASSENGER, HE IS PUT INTO CAR BY 2 MEN AND GIVEN WILD RIDE

Chicago, Aug. 4.—(U.P.)—Julius Dreyfus, New York diamond merchant, reported to Des Plaines police today that he had been kidnaped in Wisconsin by a gang of men, robbed of \$100,000 worth of unset diamonds, and freed after a wild ride in which he was threatened with death if he attempted to raise an alarm while passing through towns.

Dreyfus, who is president of Aaron J. Dreyfus, Inc., of New York, walked into the suburban station, about 15 miles northwest of the city, at 3 A. M., and said he had been freed within walking distance of there a short time earlier.

He said that while he was riding a bus between Watertown and Beaver Dam, Wis., last night two passengers in the bus suddenly drew guns, held up him, the driver and the only other passenger, a woman, forced the bus driver to turn up a side road and compelled him to get into an automobile which had drawn alongside and in which were several other men.

Goggles were placed over his eyes, he said, and he was placed in the "bandit" car. A drive of several hours followed, he said, during which his life was threatened and the bandits made a leisurely search of his portfolio. He said all but \$25,000 worth of the diamonds were insured.

Watertown, Wis., Aug. 4.—Isadore Galster, driver of the bus from which Julius Dreyfus, New York diamond merchant, was kidnaped, said today that the robbers rode in a large green automobile with an Iowa license.

They got on the bus at Watertown, he said. Five miles out, they produced revolvers and ordered him to the roadside.

"We're not interested in your money," one said. "We want that man back there," indicating Dreyfus.

The holdup men forced Dreyfus and the driver into an automobile stopped alongside the bus, drove a mile, then released Galster.

St. Paul, Minn., Aug. 4.—Julius Dreyfus, New York diamond merchant who reported he had been kidnaped and robbed of \$100,000 in unset diamonds in Wisconsin, was the victim of a similar holdup in St. Paul in 1925.

Dreyfus lost \$150,000 worth of unset diamonds to three unmasked bandits who held up the J. A. Gerber jewelry store while the diamond salesman was in the store.

The bandits escaped and no trace was ever found of them or the jewels.

Incumbent Warden Swears Out Warrant for New Warden's Wife

Fergus Falls, Minn., Aug. 4.—(U.P.)—Although news dispatches announced that he had been relieved of his deputy game warden office by Harry Munger, prominent farmer-laborer, Fred Gast, warden for many years, swore out a warrant for Mrs. Harry Munger, wife of the new warden, for fishing without a license. The case was scheduled to come up before Judge F. C. Barnes today.

YOUNG VANDERBILTS ARE FACING PARTING IN RENO HEARING

SECRET TRIAL OF MRS. VANDER- BILT'S DIVORCE SUIT IS HELD

ATTORNEYS ON BOTH SIDES SAY CASE WILL NOT BE CONTESTED

Reno, Nev., Aug. 4.—(U.P.)—Mary Weir Vanderbilt won a divorce decree today from her young society author husband, Cornelius Vanderbilt Jr.

The decree was absolute and was granted by Judge Ben F. Currier, after Mrs. Vanderbilt, her attorney, William Woodburn, and Vanderbilt's lawyer, Samuel Platt, appeared in court.

Vanderbilt was not present. The hearing was private. No evidence was offered and Woodburn issued a statement saying "all property rights and interests involved have been amicably settled."

Mrs. Vanderbilt charged her husband with cruelty.

Reno, Nev., Aug. 4.—(U.P.)—Cornelius Vanderbilt, young society author, and his wife, Mary Weir Vanderbilt, faced a possible definite parting of their ways today with the secret hearing of Mrs. Vanderbilt's divorce suit in Judge Ben F. Currier's court.

Attorneys for both Vanderbilt and his wife said the case would not be contested, that a property settlement had been made, and that without doubt the divorce would be granted before the day had passed.

Because of the fact the hearing was listed among the secret ones to which the public is not admitted, it was not known whether evidence would be introduced regarding the famous incident when Vanderbilt reported he had chased Peter Arno, the cartoonist, across a stretch of desert with an empty gun.

The incident marked the definite estrangement of the couple. Vanderbilt accused Arno, who was in Reno seeking a divorce (later granted to his wife instead), of paying too much attention to Mrs. Vanderbilt and told newspaper men he chased Arno home with a gun.

It was understood the property settlement was for considerably less than the \$600 a month originally demanded by Mrs. Vanderbilt. Sam Platt, attorney for Vanderbilt, said details of the settlement would not be given out.

DISAPPOINTED IN DEFEAT, TWO FLIERS RESTING

PANGBORN AND HERNDON GIVE UP ATTEMPT TO LOWER POST-GATTY MARK

NOW AT KHABAROVSK WHICH IS NEARLY 6,000 MILES FROM NEW YORK

Khabarovsk, Siberia, Aug. 4.—(U.P.)—Disappointed in defeat, two American fliers rested here today, their chances to lower the Post-Gatty world flight record definitely lost.

The fliers, Clyde E. Pangborn and Hugh Herndon, Jr., arrived at Khabarovsk at 5:30 P. M. (2:30 A. M. CST.) yesterday, after a flight of 1,000 miles from Chita. They had failed, however, to gain on the pace set by Wiley Post and Harold Gatty a month ago.

The distance from Khabarovsk to New York is nearly 6,000 miles, or 60 flying hours. Even should Pangborn and Herndon complete their scheduled route at their maximum flying speed of 100 miles an hour, they could not reach New York tomorrow afternoon, which would be necessary to break the Post-Gatty record.

Mrs. Mary Ellen Herndon, wife of the flier, in New York, received a message from Herndon which said the fliers had abandoned their effort to break the world flight record. The cable, apparently sent from Khabarovsk, did not indicate whether Pangborn and Herndon planned to continue their flight on to New York.

24-HOUR GENERAL STRIKE EFFECTIVE MIDNIGHT HOUR

CALLED IN SYMPATHY WITH STRIKING STREET CAR WORK- ERS OF HAVANA.

AT LEAST 150,000 WORKERS IN REPUBLIC'S CAPITAL ARE AFFECTED

Havana, Cuba, Aug. 4.—(U.P.)—A bomb was thrown into a street car shortly before noon today by participants in the one-day general strike. The motor-man was injured and windows were shattered. There were no passengers in the car. The incident was the first disorder of the strike.

Police were dissolving small groups as they formed.

By K. D. GILMORE
(United Press Staff Correspondent)

Havana, Cuba, Aug. 4.—Industry was paralyzed throughout Cuba today in a 24-hour general strike which caused one of the worst labor tie-ups in the recent troubled history of the republic.

The strike was effective at midnight. It was called in sympathy with striking street car workers. At least 150,000 workers in Havana were affected.

The labor unions indicated they would continue the strike unless the street car company complied with the workers' demands.

Troops and police reserves stood by prepared to handle disorders and maintain calm. Unions promised co-operation in keeping the strike orderly.

Practically every industry in the country was affected. No newspapers were published. Stores, business houses and factories were closed.

The city was in holiday spirit with all business suspended.

The only unions of importance which announced they would not join in the 24-hour sympathy strike were motor bus workers and electric light and power employees. Taxi drivers, who carried passengers for 10 cents for a ride of two miles, also said they would continue at work.

Police in Havana had orders to disperse any group of three or more persons.

The majority of the strikers indicated they intended to spend the day quietly at home. No parades nor demonstrations will be permitted. The unions apparently were willing to accede to this order.

The strikers went out in sympathy with the motormen and conductors of the street car company who have been on strike since last Friday in protest against the wage reduction ordered by the company. Frank Steinhart, an American pioneer resident in Cuba, is head of the car lines.

KING CAROL II SAYS DIVORCE FROM PRINCESS HELENE IF FINAL

Bucharest, Roumania, Aug. 4.—(U.P.)—King Carol II in a statement today declared that his divorce from Princess Helene is final.

"This statement is issued," he said, "in order to end rumors. My divorce is final."

"The bond between my ex-wife and myself is the child (Crown Prince Michael). Every father and mother will appreciate the meaning of this tie."

"Friendship will continue between Princess Helene and myself, for we are both sufficiently intelligent to render this possible."

Princess Helene went to England from Roumania recently to visit her mother, former Queen Sofia of Greece. The princess, who divorced Carol when he deserted her and the throne for Mme. Magda Lupescu, said she expected to return to Bucharest in the autumn, despite rumors to the contrary.

Franklin D. Roosevelt Aids in Fight to Stop Infantile Paralysis

New York, Aug. 4.—(U.P.)—Governor Franklin D. Roosevelt has answered the call for serum with which to fight the infantile paralysis epidemic by donating a pint of his blood, while the city has created a \$75,000 emergency fund to be used in preventative measures.

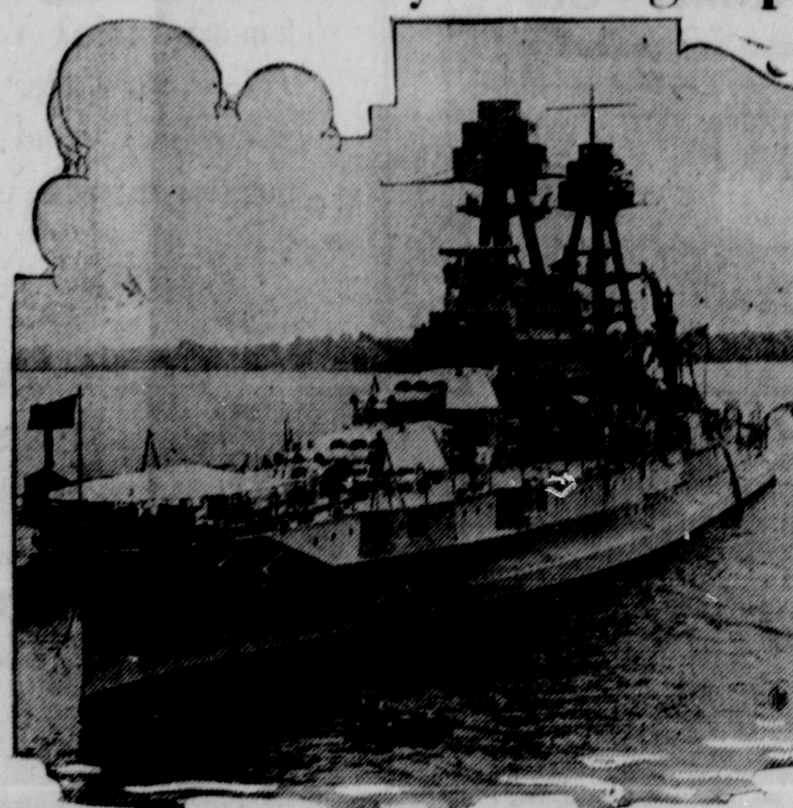

New cases numbering 114, bringing the total since July 1 to 802, served to emphasize the spread of the disease which broke out in Brooklyn.

Dr. Thomas Parran, Jr., state health commissioner, announced at Albany that New York executive had donated blood in response to the call for serum from persons who had recovered from the disease. Roosevelt was stricken ten years ago, but has recovered his health and now is able to swim and ride horseback.

Duchess of York Observes 31st Birthday

London, Aug. 4.—(U.P.)—The Duchess of York, pretty and vivacious daughter-in-law of the king and queen, observed her 31st birthday quietly today.

Back to Duty as Flagship

The U. S. S. Pennsylvania is shown majestically leaving the Philadelphia Navy Yard, after a layoff of two years for repairs and overhauling, for Hampton Roads, Va., and from there to the Pacific Coast, where it will become the flagship of Admiral J. V. Chase, commander of the Pacific Fleet. The Pennsylvania is going to have the company of the U. S. S. Arizona from Hampton Roads to Cuba, Panama Canal and thence to its West Coast station.

Reporting the accomplishments of his work to his chief, Doak stated:

"The number of jobs that have been provided for the unemployed would undoubtedly be considered formidable under any conditions but when the economic depression through which we are passing is taken into consideration a reflection will illustrate not only the importance of this task but the splendid results that have been attained."

"If there are other jobs to be had, this service proposes to locate them."

"We are paving the way, on solid foundation for real employment service that could not be obtained by any other means."

WARNED SOUNDED BY PRESIDENT GREEN

New Bedford, Mass., Aug. 4.—Unless the United States government greatly increases its program of public works in order to absorb larger numbers of the unemployed there is danger of overthrow of the country's economic structure, President William Green of the American Federation of Labor, warned in an address today.

Should that happen, Green told the Massachusetts Federation of Labor's convention, "something much worse will be substituted."

Green asked that President Hoover call an immediate conference of financiers, labor representatives and economists for intimate discussion of the unemployment problem.

He suggested that following the conference employers pledge that they will retain all employees now at work.

Green said records of his organization showed there were approximately 6,000,000 unemployed men at present.

"The unemployed man is a menace to his community," Green said, "and 6,000,000 unemployed men increase that menace 6,000,000 fold."

The unemployment situation was especially alarming because of its duration, Green said. He advocated shortening of the work week not only to five days, but even to as much as three days in some places to distribute work among greater numbers and to prevent lay-offs.

"Laborers have greatly increased their efficiency and we must reduce the hours of labor to meet the situation," he declared.

He criticized employers who levied wage cuts, terming such reductions "silly."

Drag River at Georgetown, S. C., For Bodies of 17 Negroes and 2 White Men Drowned

TRUCK CRASHED THROUGH OPEN DRAWBRIDGE

BRIDGE WAS OPEN TO PERMIT PASSING OF FISHING CRAFT

FAULTY BRAKES FAIL TO HOLD, TRUCK PLUNGES INTO SAN- FORD RIVER

Georgetown, S. C., Aug. 4.—(U.P.)—Waters of the Sanford river near here were dragged today for the bodies of 17 negroes and two white men drowned when a truck on which they were riding crashed through an open drawbridge two miles south of Georgetown.

Several truckloads of negro school children had gone from Andrews, S. C., to Riverside Park, near Charleston, for a day-long meeting. They had hired the trucks, driven by white men.

On returning towards Andrews last night, the truck driven by W. L. Newton and his son, bearing 18 negroes, approached the drawbridge over the Sanford, which was open to permit passing of fishing craft.

For some unexplained reason—believed to be faulty brakes—the truck failed to stop, crashing through the protecting chains and plunging the entire human load into the river, sinking out of sight.

Only one of the passengers, a negro, escaped death. One body had been recovered today.

LINDBERGH ARE NOW SAFE AT BAKER LAKE

FLYING HAZARDOUS ROUTE TO TOKIO FOR SUMMER VACATION

HAD BEEN UNREPORTED SINCE SEVERE ELECTRICAL STORM HAMPERED RADIO

Winnipeg, Man., Aug. 4.—(U.P.)—The radio operator at Baker's Lake said this afternoon that strong head winds may cause Col. Charles A. Lindbergh and his wife to stop at Copper Mines to refuel on their flight to the Orient. Lindbergh was expected to leave shortly, the operator said.

Copper Mine is a river in the northern wilderness between Baker's Lake and Aklayik. It was believed that he would stop at a gasoline base near where the river flows into Coronation Gulf.

The message from Baker's Lake was relayed from Churchill at 12:11 P. M.

The radio operator at Baker's Lake said Lindbergh was still there preparing for the take-off.

Churchill Lake, Man., Aug. 4.—(U.P.)—Colonel and Mrs. Charles A. Lindbergh, safe at Baker Lake on their "vacation air tour" to the Orient, were planning today to start another lap on their journey.

They landed at 4 P. M. CST. yesterday at Baker Lake, having made a flight from Churchill.

Churchill, Man., Aug. 4.—(U.P.)—Col. Charles A. Lindbergh and Mrs. Lindbergh, flying a hazardous route to Tokyo for a summer vacation were believed safe at Baker Lake today, despite the fact no word has been received from them since a severe electrical storm interrupted radio communication with the plane.

A severe electrical storm which swept around the Arctic circle cut off the Lindberghs from the rest of the world yesterday after they took off here on a 377-mile flight to Baker Lake.

Col. Lindbergh considered the flight so lightly he didn't even wait for luncheon before starting, but trappers and traders who know these northern wilds and the storms that brew above them were not so optimistic and when the gale blew in, some fears were felt for the safety of the noted flying couple.

That Mrs. Lindbergh, radio operator on the pioneering trip, was unable to pierce the storm with the portable outfit in the plane was not considered strange, however. Once before, near Moose Factory, last Saturday, the Lindberghs were "lost" because she couldn't get a message through. Later it developed they had landed on schedule and had never been in trouble.

Hopes of the northland today were that they again were "lost" only to the outside world and that, in fact they were safe in Baker Lake.

John Wilson Beattie, North Dakota Pioneer, Dies in Automobile

Minot, N. D., Aug. 4.—(U.P.)—John Wilson Beattie, 76, a pioneer settler in the northwest, died in an automobile en route to Sherwood, N. D., last night.

Beattie was one of the founders of Mitchell, S. D., was riding in an automobile driven by his son, W. Van Beattie, an elevator superintendent for the Atlantic Elevator Co., Minneapolis, Minn.

Beattie was a member of the Masonic order and Commander of Knights Templar at Mitchell. Surviving are his widow, one daughter, Mrs. John W. Hutchins, Minneapolis, two sons, Ralph Smith Beattie and W. Van Beattie, and four grandchildren.

PRIVATE BANKS IN GERMANY RESUME TRANSFERS

VARIOUS EMERGENCY MORATOR- IUM MEASURES GRADUALLY RELAXED

REOPENING OF BANKS IS STEP TOWARD RESUMING NOR- MAL LIFE

By FREDERICK KUH
Berlin, Aug. 4.—All private banks at 9 A. M. today resumed transfers on a normal business basis after a three weeks' enforced bank holiday.

The various emergency moratorium measures adopted by President Paul von Hindenburg gradually have been relaxed and the re-opening of the banks was regarded as a long step toward resumption of a normal economic life in Germany, torn by financial uncertainty.

Private depositors and corporations began withdrawing from certain banks and transferring deposits to others in which they had more confidence.

Unlimited public drawing from bank balances will be re-commenced tomorrow, the government indicated, when the paying counters re-open.

Interest today, however, centered in observing which banks funds were being taken and to which they were transferred, as well as the extent of these transfers.

The outcome of today's transfers, it was emphasized, will be a barometer of the financial nervousness or confidence of the general public after three weeks of intense strain.

Early advice indicated no unexpected heavy runs on any banks. The heaviest withdrawals were reported on the Danat and the Dresdener banks, both affected by the recent crisis.

The bank holiday was decreed by the government three weeks ago in order to give the country a "breathing spell" and permit the people to regain waning confidence in the country's national and private banking houses.

International co-operation in the extension of large comparatively longer-term credits to Germany in the meantime has tended to stabilize the situation and the government has relaxed its grip on the banks.

IS ROBBED OF \$100,000 WORTH UNSET DIAMONDS

JULIUS DREYFUS, NEW YORK DIAMOND MERCHANT, BESET BY ROBBERS

WHILE A BUS PASSENGER, HE IS PUT INTO CAR BY 2 MEN AND GIVEN WILD RIDE

Chicago, Aug. 4.—(U.P.)—Julius Dreyfus, New York diamond merchant, reported to Des Plaines police today that he had been kidnapped in Wisconsin by a gang of men, robbed of \$100,000 worth of unset diamonds, and freed after a wild ride in which he was threatened with death if he attempted to raise an alarm while passing through towns.

Dreyfus, who is president of Aaron J. Dreyfus, Inc., of New York, walked into the suburban station, about 15 miles northwest of the city, at 3 A. M., and said he had been freed within walking distance of there a short time earlier.

He said that while he was riding a bus between Watertown and Beaver Dam, Wis., last night two passengers in the bus suddenly drew guns, held up him, the driver and the only other passenger, a woman, forced the bus driver to turn up a side road and compelled him to get into an automobile which had drawn alongside and in which were several other men.

Goggles were placed over his eyes, he said, and he was placed in the bandits' car. A drive of several hours followed, he said, during which his life was threatened and the bandits made a leisurely search of his portfolio. He said all but \$25,000 worth of the diamonds were insured.

Watertown, Wis., Aug. 4.—Isadore Galster, driver of the bus from which Julius Dreyfus, New York diamond merchant, was kidnapped, said today that the robbers rode in a large green automobile with an Iowa license.

They got on the bus at Watertown, he said. Five miles out, they produced revolvers and ordered him to the roadside.

"We're not interested in your money," one said. "We want that man back there," indicating Dreyfus.

The holdup men forced Dreyfus and the driver into an automobile stopped alongside the bus, drove a mile, then released Galster.

St. Paul, Minn., Aug. 4.—Julius Dreyfus, New York diamond merchant who reported he had been kidnapped and robbed of \$100,000 in unset diamonds in Wisconsin, was the victim of a similar holdup in St. Paul in 1925.

Dreyfus lost \$150,000 worth of unset diamonds to three unmasked bandits who held up the J. A. Gerber jewelry store while the diamond salesman was in the store.

The bandits escaped and no trace was ever found of them or the jewels.

Incumbent Warden Swears Out Warrant for New Warden's Wife

Fergus Falls, Minn., Aug. 4.—(U.P.)—Although news dispatches announced that he had been relieved of his deputy game warden office by Harry Munger, prominent farmer-laborite, Fred Gast, warden for many years, swore out a warrant for Mrs. Harry Munger, wife of the new warden, for fishing without a license. The case was scheduled to come up before Judge F. C. Barnes today.

YOUNG VANDERBILTS ARE FACING PARTING IN RENO HEARING

SECRET TRIAL OF MRS. VANDER- BILT'S DIVORCE SUIT IS HELD

ATTORNEYS ON BOTH SIDES SAY CASE WILL NOT BE CONTESTED

Reno, Nev., Aug. 4.—(U.P.)—Mary Weir Vanderbilt won a divorce decree today from her young society author husband, Cornelius Vanderbilt Jr.

The decree was absolute and was granted by Judge Ben F. Currier, after Mrs. Vanderbilt, her attorney, William Woodburn, and Vanderbilt's lawyer, Samuel Platt, appeared in court.

Vanderbilt was not present. The hearing was private. No evidence was offered and Woodburn issued a statement saying "all property rights and interests involved have been amicably settled."

Mrs. Vanderbilt charged her husband with cruelty.

Reno, Nev., Aug. 4.—(U.P.)—Cornelius Vanderbilt, young society author, and his wife, Mary Weir Vanderbilt, faced a possible definite parting of their ways today with the secret hearing of Mrs. Vanderbilt's divorce suit in Judge Ben F. Currier's court.

Attorneys for both Vanderbilt and his wife said the case would not be contested, that a property settlement had been made, and that without doubt the divorce would be granted before the day had passed.

Because of the fact the hearing was listed among the secret ones to which the public is not admitted, it was not known whether evidence would be introduced regarding the famous incident when Vanderbilt reported he had chased Peter Arno, the cartoonist, across a stretch of desert with an empty gun.

The incident marked the definite estrangement of the couple. Vanderbilt accused Arno, who was in Reno seeking a divorce (later granted to his wife instead), of paying too much attention to Mrs. Vanderbilt and told newspaper men he chased Arno home with a gun.

It was understood the property settlement was for considerably less than the \$600 a month originally demanded by Mrs. Vanderbilt. Sam Platt, attorney for Vanderbilt, said details of the settlement would not be given out.

DISAPPOINTED IN DEFEAT, TWO FLIERS RESTING

PANGBORN AND HERNDON GIVE UP ATTEMPT TO LOWER POST-GATTY MARK

NOW AT KHABAROVSK WHICH IS NEARLY 6,000 MILES FROM NEW YORK

Khabarovsk, Siberia, Aug. 4.—(U.P.)—Disappointed in defeat, two American fliers rested here today, their chances to lower the Post-Gatty world flight record definitely lost.

The fliers, Clyde E. Pangborn and Hugh Herndon, Jr., arrived at Khabarovsk at 5:30 P. M. (2:30 A. M. CST.) yesterday, after a flight of 1,000 miles from Chita. They had failed, however, to gain on the pace set by Wiley Post and Harold Gatty a month ago.

The distance from Khabarovsk to New York is nearly 6,000 miles, or 60 flying hours. Even should Pangborn and Herndon complete their scheduled route at their maximum flying speed of 100 miles an hour, they could not reach New York tomorrow afternoon, which would be necessary to break the Post-Gatty record.

Mrs. Mary Ellen Herndon, wife of the flier, in New York, received a message from Herndon which said the fliers had abandoned their effort to break the world flight record. The cable, apparently sent from Khabarovsk, did not indicate whether Pangborn and Herndon planned to continue their flight on to New York.

24-HOUR GENERAL STRIKE EFFECTIVE MIDNIGHT HOUR

CALLED IN SYMPATHY WITH STRIKING STREET CAR WORK- ERS OF HAVANA.

AT LEAST 150,000 WORKERS IN REPUBLIC'S CAPITAL ARE AFFECTED

Havana, Cuba, Aug. 4.—(U.P.)—A bomb was thrown into a street car shortly before noon today by participants in the one-day general strike. The motor-man was injured and windows were shattered. There were no passengers in the car. The incident was the first disorder of the strike.

Police were dissolving small groups as they formed.

By K. D. GILMORE
(United Press Staff Correspondent)

Havana, Cuba, Aug. 4.—Industry was paralyzed throughout Cuba today in a 24-hour general strike which caused one of the worst labor tie-ups in the recent troubled history of the republic.

The strike was effective at midnight. It was called in sympathy with striking street car workers. At least 150,000 workers in Havana were affected.

The labor unions indicated they would continue the strike unless the street car company complied with the workers' demands.

Troops and police reserves stood by prepared to handle disorders and maintain calm. Unions promised co-operation in keeping the strike orderly.

Practically every industry in the country was affected. No newspapers were published. Stores, business houses and factories were closed.

The city was in holiday spirit with all business suspended.

The only unions of importance which announced they would not join in the 24-hour sympathy strike were motor bus workers and electric light and power employees. Taxi drivers, who carried passengers for 10 cents for a ride of two miles, also said they would continue at work.

Police in Havana had orders to disperse any group of three or more persons.

The majority of the strikers indicated they intended to spend the day quietly at home. No parades nor demonstrations will be permitted. The unions apparently were willing to accede to this order.

The strikers went out in sympathy with the motormen and conductors of the street car company who have been on strike since last Friday in protest against the wage reduction ordered by the company. Frank Steinhart, an American pioneer resident in Cuba, is head of the car lines.

KING CAROL II SAYS DIVORCE FROM PRINCESS HELENE IS FINAL

Bucharest, Roumania, Aug. 4.—(U.P.)—King Carol II in a statement today declared that his "divorce from Princess Helene is final."

"This statement is issued," he said, "in order to end rumors. My divorce is final."

"The bond between my ex-wife and myself is the child (Crown Prince Michael). Every father and mother will appreciate the meaning of this tie."

"Friendship will continue between Princess Helene and myself, for we are both sufficiently intelligent to render this possible."

Princess Helene went to England from Roumania recently to visit her mother, former Queen Sofia of Greece. The princess, who divorced Carol when he deserted her and the throne for Mme. Magda Lupescu, said she expected to return to Bucharest in the autumn, despite rumors to the contrary.

Franklin D. Roosevelt Aids in Fight to Stop Infantile Paralysis

New York, Aug. 4.—(U.P.)—Governor Franklin D. Roosevelt has answered the call for serum with which to fight the infantile paralysis epidemic by donating a pint of his blood, while the city has created a \$75,000 emergency fund to be used in preventative measures.

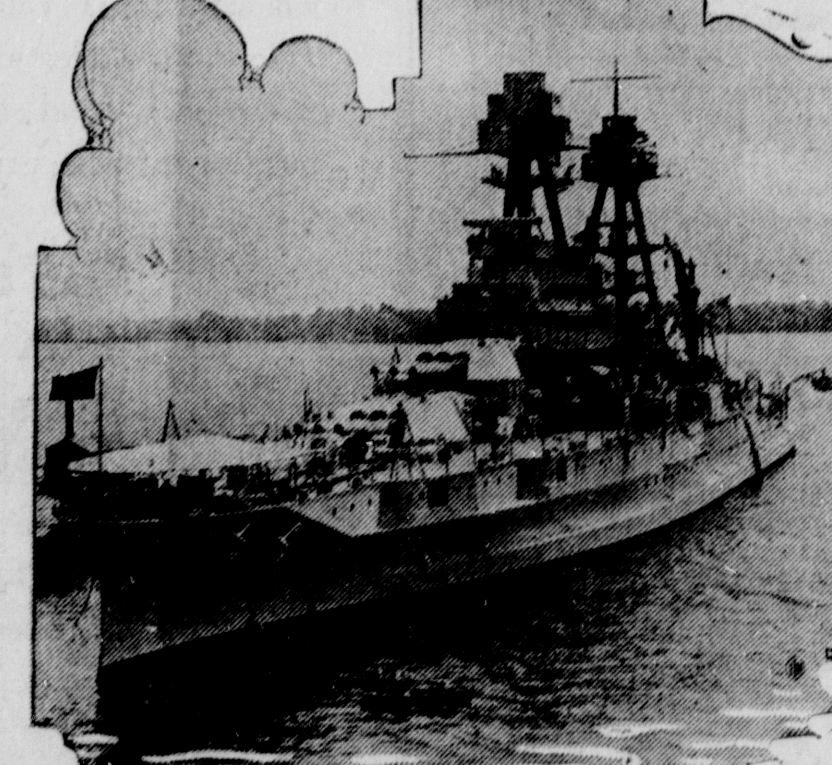

New cases numbering 114, bringing the total since July 1 to 802, served to emphasize the spread of the disease which broke out in Brooklyn.

Dr. Thomas Parran, Jr., state health commissioner, announced at Albany the New York executive had donated blood in response to the call for serum from persons who had recovered from the disease. Roosevelt was stricken ten years ago, but has recovered his health and now is able to swim and ride horseback.

Duchess of York Observes 31st Birthday

London, Aug. 4.—(U.P.)—The Duchess of York, pretty and vivacious daughter-in-law of the king and queen, observed her 31st birthday quietly today.

Back to Duty as Flagship

The U. S. S. Pennsylvania is shown majestically leaving the Philadelphia Navy Yard, after a layoff of two years for repairs and overhauling, for Hampton Roads, Va., and from there to the Pacific Coast, where it will become the flagship of Admiral J. V. Chase, commander of the Pacific Fleet. The Pennsylvania is going to have the company of the U. S. S. Arizona from Hampton Roads to Cuba, Panama Canal and thence to its West Coast station.

Geo. W. Mosier and family returned today from a four weeks visit in Indiana.

Comrade John Ireland, Post No. 21, G. A. R. has been appointed Aide-de-camp on the staff of the commander in chief and assigned to duty.

M. C. Knowles arrived in the city today from Duluth to visit his parents and also look after business interests.

Gates Employees to Have Steak Fry

The employees of the E. F. Gates store will enjoy a steak fry this evening at Lake Hubert.

Baptist Alpha Class

The Alpha class of the First Baptist church will be entertained this evening in the church. The hostesses are Mrs. Walter Minski, Mrs. Roy Allison and Mrs. Frank Stevens. Everybody welcome.

McAdoo is Resting Easily

After Emergency Operation

Santa Barbara, Calif., Aug. 4.—(U.P.)—William Gibbs McAdoo, secretary of the treasury under President Wilson and an often mentioned presidential possibility, was resting easily today after an emergency operation. Though no official statement was made concerning the nature of his illness, it was understood McAdoo had been suffering from chronic appendicitis, which took a sudden and serious turn Sunday.

MT. ETNA GROWS

ACTIVE, SMOKES AND
SPRAYS ASH CLOUDS

Acl. Reale, Sicily, Aug. 4.—(U.P.)—Mount Etna grew more active today, with smoke and spraying ashes enveloping its crater, as dwellers in nearby districts fled from earthquake shocks which damaged a number of villages.

Walls and many houses collapsed and 100 houses were cracked by the tremors late yesterday with damage estimated at half a million lire (26,125).

CHEAP EXCURSION
RATES TO EUROPE

New York, Aug. 4.—(U.P.)—Vacationists who feel the urge to travel may make the round trip to Europe from New York for \$131, third class, under revised rate schedules announced today by member lines of the trans-Atlantic passenger conference. The new rates, which represent reductions of from 10 to 30 per cent in former rates, will go into effect on east bound traffic Aug. 17, and on Oct. 1 for west bound sailings.

Canadians on Good Will
Flight to St. Paul

Winnipeg, Man., Aug. 4.—(U.P.)—The trans-Canada air pageant today split forces with seven planes making a second good will flight to St. Paul and the other 12 planes proceeding to Fort William.

The goal of the group flying to St. Paul will be Montreal and the fliers will stay over night in St. Paul. Other stops will be made at South Bend, Detroit and Walkerville.

DYKEMAN

The rain and cooler weather was much appreciated.

Mr. and Mrs. Roland Davis from Deerwood spent Sunday with parents. Mr. and Mrs. Forest Dykeman and son spent Friday at Brainerd on business and visiting. Anthony Jenkins of Ironton accompanied them.

Mr. and Mrs. Ed Treichler and two small children spent Sunday evening with Mr. and Mrs. Otto Treichler and children.

Elmer Hasbrook made hay at Chas. Dykeman's a couple days last week.

Mrs. T. Dykeman was at Brainerd Saturday to consult the doctor.

Mr. and Mrs. John Schley and family spent Sunday at the Schaefer home. A very pleasant day was spent, the occasion being Mr. Schley's birthday.

The farmers are all busy harvesting their grain crops and preparing for threshing.

Ruth Bock of Nokay Lake is visiting with her grandparents, Mr. and Mrs. T. G. Dykeman.

Fay Rogers spent Sunday with Clayton Dykeman.

Mrs. Dahman was to Brainerd Friday.

Elmer Hasbrook's have been enjoying company the past week.

John Crowell makes his daily trip to Mille Laes Lake with his milk.

Ed. Treichler called at Chas. Dykeman's Monday.

Mr. and Mrs. Forest Dykeman and son and Anthony Jenkins were to Ironton Sunday.

BRAINERD
25 Years Ago

August 4, 1906

A. L. Hoffman's delivery team became scared at the engines used to run the dynamo for the street carnival and ran away this afternoon, completely wrecking the wagon and injuring one of the horses seriously.

Some of the leading members of the St. Francis church have taken up the matter of a public farewell reception to Father Lynch prior to his leaving for his new field of labor at Duluth, to be held next Wednesday evening.

Mrs. Arthur Lagerquist left today for Columbus Junction, Ia., her former home, for a visit with relatives.

J. S. Scribner of Backus, a candidate for county attorney for Cass county was in the city today on his way to Motley.

Five cars of logs were derailed at Merrifield last night, but the track was cleared so that there was no delay in the passenger service today.

Mrs. Ellen Moores, a resident of Brainerd since 1863, passed away this morning after a short illness.

Geo. W. Mosier and family returned today from a four weeks visit in Indiana.

Comrade John Ireland, Post No. 21, G. A. R. has been appointed Aides-de-camp on the staff of the commander in chief and assigned to duty.

M. C. Knowles arrived in the city today from Duluth to visit his parents and also look after business interests.

Gates Employees to Have Steak Fry
The employees of the E. F. Gates store will enjoy a steak fry this evening at Lake Hubert.

Baptist Alpha Class

The Alpha class of the First Baptist church will be entertained this evening in the church. The hostesses are Mrs. Walter Minski, Mrs. Roy Allison and Mrs. Frank Stevens. Everybody welcome.

McAdoo is Resting Easily

After Emergency Operation

Santa Barbara, Calif., Aug. 4.—(U.P.)—William Gibbs McAdoo, secretary of the treasury under President Wilson and an often mentioned presidential possibility, was resting easily today after an emergency operation. Though no official statement was made concerning the nature of his illness, it was understood McAdoo had been suffering from chronic appendicitis, which took a sudden and serious turn Sunday.

MT. ETNA GROWS

ACTIVE, SMOKES AND
SPRAYS ASH CLOUDS

Act. Reale, Sicily, Aug. 4.—(U.P.)—Mount Etna grew more active today, with smoke and spraying ashes enveloping its crater, as dwellers in nearby districts fled from earthquake shocks which damaged a number of villages.

Walls and many houses collapsed and 100 houses were cracked by the tremors late yesterday with damage estimated at half a million lire (26,125).

CHEAP EXCURSION
RATES TO EUROPE

New York, Aug. 4.—(U.P.)—Vacationists who feel the urge to travel may make the round trip to Europe from New York for \$131, third class, under revised rate schedules announced today by member lines of the trans-Atlantic passenger conference. The new rates, which represent reductions of from 10 to 30 per cent in former rates, will go into effect on east bound traffic Aug. 17, and on Oct. 1 for west bound sailings.

Canadians on Good Will
Flight to St. Paul

Winnipeg, Man., Aug. 4.—(U.P.)—The trans-Canada air pageant today split forces with seven planes making a second good will flight to St. Paul and the other 12 planes proceeding to Fort William.

The goal of the group flying to St. Paul will be Montreal and the fliers will stay over night in St. Paul. Other stops will be made at South Bend, Detroit and Walkerville.

DYKEMAN

The rain and cooler weather was much appreciated.

Mr. and Mrs. Roland Davis from Deerwood spent Sunday with parents. Mr. and Mrs. Forest Dykeman and son spent Friday at Brainerd on business and visiting. Anthony Jenkins of Ironton accompanied them.

Mr. and Mrs. Ed Treichler and two small children spent Sunday evening with Mr. and Mrs. Otto Treichler and children.

Elmer Hasbrook made hay at Chas. Dykeman's a couple days last week. Mrs. T. Dykeman was at Brainerd Saturday to consult the doctor.

Mr. and Mrs. John Schley and family spent Sunday at the Schaefer home. A very pleasant day was spent, the occasion being Mr. Schley's birthday.

The farmers are all busy harvesting their grain crops and preparing for threshing.

Ruth Bock of Nokay Lake is visiting with her grandparents, Mr. and Mrs. T. G. Dykeman.

Fay Rogers spent Sunday with Clayton Dykeman.

Mrs. Dahman was to Brainerd Friday.

Elmer Hasbrook's have been enjoying company the past week.

John Crowell makes his daily trip to Mille Lacs Lake with his milk.

Ed. Treichler called at Chas. Dykeman's Monday.

Mr. and Mrs. Forest Dykeman and son and Anthony Jenkins were to Ironton Sunday.

**Musicians Act as Helpers to Carnival
People at Water Tower
Grounds Attraction**

Brainerd answered the call of the midway last evening as thousands of persons attended the opening of the Lachman-Carson shows at the Water Tower grounds.

Members of the Brainerd Municipal Band, sponsors of the carnival were present throughout the grounds, taking tickets, doing special police duty and assisting wherever possible.

The carnival is of the average type with its usual presentation of animal acts, freaks, law and outlaw show, dancing girls, minstrel show and rides. Cliff Liles, show manager, reported business was pleasing for the opening performances.

The carnival will continue here the remainder of the week.

GILBERT LAKE

Several from this neighborhood attended the group gathering of Sunday schools at Nisswa. However, the Wildwood and Beaver Dam schools held their regular sessions.

Percy and Lucille Skillings spent several days visiting their aunt, Mrs. Engstrom, at East lake.

The Beaver Dam 4-H Club is to give an ice cream social at the school house next Saturday evening. Let's all go in for a good time.

Barney Walters left Thursday for North Dakota to take in the harvest. Mrs. Clarence Skillings attended a reunion of her folks at Aitkin at the home of her mother the past week, it being in honor of the latter's 75th birthday.

Richard Wuertz, superintendent of the lithographing department of Buckbee, Mears Co. of St. Paul, spent the week-end with the family of J. W. Hilliard.

The small grain is practically all cut in this neck of the woods. The rain the past week was too late to do much good except to pastures, corn and potatoes.

Efforts are being made to unite the patrons of the different organizations in some plan to obtain piano for the school house—a very worthy enterprise.

Painless Death

The term used for causing the death by scientific means of people who are hopelessly ill is "euthanasia." It is of Greek derivation and means a painless, happy death.

Urges Capone Quiz

Evidence brought out in Federal Court, Chicago, when Al Capone, notorious gangster, appeared for sentence before Judge James H. Wilkerson, and hastily asked to withdraw his plea of guilty, will bring about a searching Congressional investigation if Senator Thomas D. Schall (above), of Minnesota, can do anything about it. The blind Senator has demanded all correspondence in the Capone case in advance of urging an exhaustive probe.

Mrs. Henry Allen Cooper Candidate for Office Held by Husband

Racine, Wis., Aug. 4.—(U.P.)—Mrs. Henry Allen Cooper, widow of the Wisconsin first district congressman, today announced her candidacy for the office formerly held by her husband.

Mrs. Cooper said the move was occasioned by the "urgent request of friends of my deceased husband." "Ever since our marriage 30 years ago I have been in close contact with the duties of the office and with Mr. Cooper's attitude and position on all public questions," she said.

3 CANDIDATES FOR CONSERVATION COMMISSIONER

St. Paul, Aug. 4.—(U.P.)—Three leading candidates for the new post of conservation commissioner were interviewed today by the new conservation commission.

W. T. Cox, former state forester, Parker O. Anderson, head of the University Farm forestry extension department and John Levin, chief clerk of the house conferred with the commission, but no action was taken on appointment to the \$5,000 a year job.

The commission also received an application from E. V. Willard, asking that he be retained as commissioner of drainage and waters.

First Friction Matches

Friction matches first came into use in 1828 and as late as 1850 were considered too dangerous to be transported by rail.

NOKAY LAKE

Mrs. Lind and family and Mr. and Mrs. Benson were visitors at David Andersons Sunday.

Mr. and Mrs. Gust Franzen were callers at the home of Mr. and Mrs. Adolph Johnson one evening last week. Visitors at Peter Johnsons Sunday were Mr. and Mrs. Bert Johnson and daughter, Mr. and Mrs. Oliver Swelland and family.

Mrs. Ed Swenson and daughter Irene were overnight guests at the Jens Jensen home Saturday.

Mr. and Mrs. Engvold Thompson, Mr. and Mrs. Ole Sunde were visitors at the home of Mr. and Mrs. Andrew Anderson Thursday evening.

Don't forget the ice cream social at the Vaale Lutheran church Friday night, August 7, seven miles east of Brainerd and one and one-half miles south. Bring your friends.

Miss Audrey Anderson entertained her girl friends Saturday afternoon, it being her seventh birthday. The guests were Marzella, Pearl and Della Swartout, Norma Lidstrom and Lillian Johnson. A nice lunch was served by Audrey's mother, Mrs. David Anderson.

Mr. and Mrs. Wesley Swartout and family were visitors at the home of

Mr. and Mrs. Leon Swartout of Cuyuna Sunday.

Mr. and Mrs. Elvin Bordwell, Mr. and Mrs. Bert Johnson and daughter, Mr. and Mrs. Gilbert Johnson and family were visitors at the home of Mr. and Mrs. Adolph Johnson Saturday evening, it being Mr. Johnson's birthday.

Miss Irene Anderson spent Friday afternoon with her cousin, Ruth Johnson.

Quite a few attended the Olson sale Wednesday.

Mr. and Mrs. David Anderson and

family motored to Hubert lake to visit friends Sunday evening.

Eleanor Anderson, Mylina Lidstrom and Thelm Swelland were visitors at the home of Ruth Johnson Tuesday evening.

Mrs. Oscar Lidstrom of Crosby was a Brainerd caller Saturday.

Joseph Norli and Irene Anderson were visitors at the home of Mr. and Mrs. Nels Johnson Saturday evening.

Miss Anderson and Mr. Johnson are

**"TOASTING" expels
SHEEP-DIP BASE *naturally*
(Black, biting, harsh irritant chemicals)
present in every tobacco leaf**

**"They're out—
so they can't
be in!"**

Every LUCKY STRIKE is made of the finest tobacco leaves the world can offer—the finest from Turkey—the finest from Kentucky, Tennessee, Virginia, Georgia and the Carolinas—the Cream of many Crops throughout the world. But all tobacco leaves, regardless of price and kind, as nature produces them, contain harsh irritants. LUCKY STRIKE'S exclusive "TOASTING" Process—a process that mellows, that purifies, that includes the use of the modern Ultra Violet Ray—expels certain harsh irritants naturally present in every tobacco leaf. We sell these expelled irritants to manufacturers of chemical compounds, who use them as a base in making sheep-dip*, as well as a powerful spraying solution for fruits, flowers and shrubs—enough to permit the daily dipping of over 50,000 sheep or the daily spraying of many thousands of trees. Thus, you are sure these irritants, naturally present in all tobacco leaves, are not in your LUCKY STRIKE. "They're out—so they can't be in!" No wonder LUCKIES are always kind to your throat.

Every LUCKY STRIKE is made of the finest tobacco leaves the world can offer—the finest from Turkey—the finest from Kentucky, Tennessee, Virginia, Georgia and the Carolinas—the Cream of many Crops throughout the world. But all tobacco leaves, regardless of price and kind, as nature produces them, contain harsh irritants. LUCKY STRIKE'S exclusive "TOASTING" Process—a process that mellows, that purifies, that includes the use of the modern Ultra Violet Ray—expels certain harsh irritants naturally present in every tobacco leaf. We sell these expelled irritants to manufacturers of chemical compounds, who use them as a base in making sheep-dip*, as well as a powerful spraying solution for fruits, flowers and shrubs—enough to permit the daily dipping of over 50,000 sheep or the daily spraying of many thousands of trees. Thus, you are sure these irritants, naturally present in all tobacco leaves, are not in your LUCKY STRIKE. "They're out—so they can't be in!" No wonder LUCKIES are always kind to your throat.

*U. S. Dept. of Agriculture, Bureau of Animal Industry, Order No. 210

Endorse Practical Work Minnesota Game Protective League

THE Minneapolis Journal is attracted by the character of the conservation program as carried on by the Minnesota Game Protective League and in a leading editorial in its issue of July 24 urges support for the program as indicated in resolutions adopted at the recent Chisholm convention of the league.

Under the heading, Sound Conservation Pays, the Journal says that in the conservation program adopted by the Minnesota Game Protective League at its summer meeting are three resolutions which it desires particularly to indorse.

One is the recommendation for an indefinite closed season on prairie chickens. Lately it has been the custom, by executive orders in the theoretically open years, to prohibit chicken shooting over large areas in Minnesota. Why not go the entire distance and close the whole season by legislation, with the understanding that the law will be changed only when—if ever—pinnated grouse are once more abundant over much of their former range? Objection is made that in some counties chickens are fairly plentiful, even now, and that these counties should remain open. Why not, instead, look upon these few and scattered counties as sources from which a multiplication of surviving chickens can spread into outside territory?

Another resolution in the League's program which merits the energetic education campaign that will be required to make it effective is the plea that land owners and renters refrain from burning grass and brush lands in the spring, so that ground nesting game and song birds may be saved from needless destruction. Grouse, quail, meadow larks and numerous other ground nesting mothers are wont to stay with their eggs, or their young, in the face of certain death by fire. Not only does indiscriminate grass burning destroy the new crop of birds; it also makes calamitous inroads into breeding stock.

Another conservation measure sponsored by the League, and surely deserving of adoption by the state, is the establishment of fish refuges around bass spawning beds "where advisable." A close study of the bass problem would probably show such action advisable on every bass lake that is fished ostensibly for pickerel in late May and early June.

The resolutions generally meet with the favor of sportsmen in Crow Wing county.

The Coming Campaign

ALREADY one finds prophets and forecasters active telling what the next presidential campaign will have in store for us.

An executive of the Anti-Saloon League says it will be Hoover vs. Alfred Smith, the same candidates that faced each other last election.

The approaching presidential campaign may turn out to be filled with political dynamite, says another soothsayer. Are the "old reliables," prohibition, farm relief and the tariff to be the outstanding features?

Or will the arguments be about wage reduction, tax increase, business depression and unemployment?

During the last congressional campaign the argument of the democrats was—elect a democrat to congress, he may bring good fortune, anyway give him a trial over his republican competitor. And when he got a seat we find that nothing outstanding has been accomplished.

Thomas A. Edison

ALL the world sympathizes with Thomas A. Edison in his sickness. The inventor who has established a world-wide reputation because of his many devices in industrial fields has never stinted himself in pursuing his investigations. Stories are told of how he worked whole days at a time, foregoing sleep and meals to gain a coveted step in his discoveries.

He never regarded his deafness as an affliction. It gave him better opportunity to center on some problem without being worried about outside incidents. It shut off sound and conversation and permitted him to concentrate his whole faculties to the task at hand.

His one invention of the electric light globe did more to revolutionize the world than any other product of his brain. If you want to see how dependent we are on electricity, try living and working in some lake cottage not equipped with electric lights.

Rag Weed to Blame

It now develops that rag weed and not golden rod is the greatest source of hay fever infection.

Physicians, scientists and chemists have prepared a serum which it is believed renders one immune from hay fever. Injections are given the patient, usually in his arm, and it costs, so we are told, \$25 or more to take the full course.

Duluth annually holds a hay fever convention. Officers and members are all hay feverites and the proceedings at times are delayed by sniffles, snuffles and tears, overcoming the chairman so he can hardly put a motion while the audience can hardly hear him because of the general affliction.

Some people have a certain antipathy to various shrubs, vegetation, etc. It manifests itself against golden rod and rag weed. Others cannot eat certain fruits without having a detrimental reaction. For instance, some have a skin trouble when they eat strawberries.

Power of Insect World

THE power of the insect world is shown in the devastating advance of grasshopper hordes.

Some combination of the weather, presumably the heat waves which destroyed the vegetation they fed on, has induced the grasshoppers to multiply and to make their trek across country.

It reveals what happens when the delicate balance in the animal, bird and insect life is threatened and when the insects multiply beyond their usual ratio.

Some writer has given his idea that the end of the world will come when insects and bacteria get out of their orbit and proceed to lay waste to the world. It is not pleasant to contemplate such a catastrophe, even if fanciful. But it shows what can be done by combined and intensive action, when even fire will not stop the hopper horde. In Italy the peasants burned their fields to stay the advance and still the grasshoppers advanced over the burned debris of their comrade insects.

THE baby that cries for things gets what it wants. The community that is silent and waits for something to happen never gets anything.

Other People's Opinions

Communications are not to exceed 300 words. All must be signed, and will be published with name of writer.

A Much Needed Ordinance

The fire department of this city has been more or less hampered and interfered with in its duties by drovers of vehicles on the streets at time of answering fire alarms and fighting fires, and there being no ordinance against following fire trucks and apparatus responding to fire alarms, and against parking vehicles in the streets and highways where the fire apparatus has stopped while responding to fire alarms, prosecutions have been made against violators under the Uniform Highway Traffic Act, which is Chapter 412, Laws of 1927, which is "An act regulating the use of the highways, imposing penalties for violation thereof and repealing certain laws heretofore passed."

As this Act deals only with traffic on the highways, it has no application to other property and places not in or on the highways, and does not regulate the driving or parking of vehicles on private grounds and unplatted portions of the city within the corporate limits of the city.

What is needed is an ordinance to cover this same use of highways and also private property in this city by which this interference of the fire department by drivers of vehicles may be prevented.

While our Uniform Highway Traffic Act is proper so far as regulating the use of the highways, (and streets, alleys, avenues, etc., open to public use as a matter of right are highways) it does not extend to other situations that constantly arise on places outside of the highways that give trouble to the fire department.

J. H. WARNER.

Monkeys Once Reamed Holland

Farthest north for the monkey tribe is believed to have been claimed for a species that once, far earlier than history records, inhabited what is now Holland. Fossil remains recently discovered in that country show these monkeys to have been similar to those now found around Gibraltar, although somewhat larger, says Popular Science Monthly. Scientists believe that the fossils found in Holland indicate that a mild climate once existed there, as monkeys cannot endure cold.

Terrible Thought

What wakes us up in the middle of the night in a cold sweat is fear of what the archeologists of a few thousands of years hence will dig up as evidence of present-day "culture."—Arkansas Gazette.

Belief Long Held

The earliest expression of the idea that man has moral responsibilities, and that felicity in the next world depends upon character in this, is found in inscriptions inside Egyptian coffins dating back to 2000 B. C.

DAILY DAIRY

FINDS MILK COSTS FROM 11,000 COWS

Showing Difference Between Profit and Loss.

Declaring that the dairy herd improvement associations are often responsible for the difference between profit and loss in dairy farming, Ivan McKellip, extension specialist in animal husbandry at the Ohio State university, points out that the associations are making it easy to practice selective breeding, to eliminate low producers, and to feed individual cows according to their production records.

Mr. McKellip states that last year the 11,000 Ohio cows in the dairy herd improvement associations averaged 7,597 pounds of milk and 322 pounds of butterfat. They made \$126 above feed costs, which amounted to \$93, and they produced a product worth \$229.

The feed cost for 100 pounds of milk was \$1.22 and the feed cost for producing one pound of butterfat was 28.8 cents. The average labor income from the average association cow was approximately \$90 and the average labor income per hour per cow was about 60 cents.

According to dairy herd improvement figures, the dairy farmer milking an average herd of cows and getting the average market price for the milk is making only six cents an hour for the time he spends with his herd. This is 54 cents less per hour than the herd association member makes.

Dairy herd improvement associations, McKellip declared, have been operating in the state for the past 16 years. The Barnesville association in Belmont county is the oldest. It is no longer an experiment but a decided help in keeping yearly milk, butterfat, feed, and cost records on each cow in the association. Knowing each cow's production, these men have been able to increase the production of their cows in eight years from 270 pounds of butterfat to 330 pounds of butterfat.

As ordinarily conducted, he stated, a dairy herd improvement association is an organization of between 20 and 50 dairymen who co-operatively employ a man to keep production, feed, and income records of their cows.

Summing It Up

Happiness is waking up without regrets, and gallantly going on, no matter what has happened.

Colonial Furniture

Colonial refers merely to the time before the Union was formed. New England and Virginia were settled by the English, New York by the Dutch and Louisiana by the French. The Colonial furniture of each section resembled the furniture which had been brought to that part of the country. Almost all Colonial furniture was a simplified reproduction of the more elaborate furniture made abroad. A few designs originated in this country.

Pre-War Cases

A court of criminal appeals has held that a man cannot be fined for catching his own fish out of his own pond. And what other cases were held up while that momentous decision was being reached?—Oakland Tribune.

To The Rescue!

This willing victim of a water "accident" is hoping that her rescuer will soon earn the badge that adorns her own swimming suit. Being "buddies" in a Girl Scout camp they assist one another on all occasions, including the winning of their life-saving certificates which every Girl Scout must eventually acquire. Safety first is the slogan in all Girl Scout camps, where the counselors are training every girl this year to be so skilled in water sports that necessary precautions will become a matter of habit. In one group of 115 at Camp Andree in Westchester County, New York, 38 girls passed their life-saving test in one month.

Barbara Stanwyck and Ben Lyon in the thrilling romance-drama, "Night Nurse," which will be seen at the Paramount theatre Tuesday and Wednesday.

"NOW We Are Three"

KATHERINE AND BILL—what fun it is to know them! They seem to get so much out of living. You met them just a little over a year ago—the week before they were married. Ten days later it gave you a pleasant glow of anticipation to receive the trim card telling you when they'd be "at home."

And today you got another card, headed "Now we are three!" Bill's signature comes first, then Katherine's, and then—the guided, chubby scrawl of the newcomer, Jeremy.

You happen to know that although he is in line for an important promotion, Bill's present salary isn't large. Most other young couples would consider themselves "up against it" if they had to manage on so little. Yet Katherine and Bill maintain a standard of living that is the admiration of all their friends.

You know how they do it, for Katherine has told you. They budget all expenditures. And when they decide a purchase is to be made, whether it is a new shade for the reading lamp, or a suit for Bill, or shoes for Katherine, they study the advertisements until they find just what they want for the price they can pay. Careful, budgeted buying of consistently advertised merchandise enables them to get the most out of their dollars.

It's a wise baby that picks parents like these.

Take advantage of the advertisements in this paper
They are your guide to profitable buying

Endorse Practical Work Minnesota Game Protective League

THE Minneapolis Journal is attracted by the character of the conservation program as carried on by the Minnesota Game Protective League and in a leading editorial in its issue of July 24 urges support for the program as indicated in resolutions adopted at the recent Chisholm convention of the league.

Under the heading, Sound Conservation Pays, the Journal says that in the conservation program adopted by the Minnesota Game Protective League at its summer meeting are three resolutions which it desires particularly to indorse.

One is the recommendation for an indefinite closed season on prairie chickens. Lately it has been the custom, by executive orders in the theoretically open years, to prohibit chicken shooting over large areas in Minnesota. Why not go the entire distance and close the whole season by legislation, with the understanding that the law will be changed only when—if ever—pinnated grouse are once more abundant over much of their former range? Objection is made that in some counties chickens are fairly plentiful, even now, and that these counties should remain open. Why not, instead, look upon these few and scattered counties as sources from which a multiplication of surviving chickens can spread into outside territory?

Another resolution in the League's program which merits the energetic education campaign that will be required to make it effectual is the plea that land owners and renters refrain from burning grass and brush lands in the spring, so that ground nesting game and song birds may be saved from needless destruction. Grouse, quail, meadow larks and numerous other ground nesting mothers are wont to stay with their eggs, or their young, in the face of certain death by fire. Not only does indiscriminate grass burning destroy the new crop of birds; it also makes calamitous inroads into breeding stock.

Another conservation measure sponsored by the League, and surely deserving of adoption by the state, is the establishment of fish refuges around bass spawning beds "where advisable." A close study of the bass problem would probably show such action advisable on every bass lake that is fished ostensibly for pickerel in late May and early June.

The resolutions generally meet with the favor of sportsmen in Crow Wing county.

The Coming Campaign

ALREADY one finds prophets and forecasters active telling what the next presidential campaign will have in store for us.

An executive of the Anti-Saloon League says it will be Hoover vs. Alfred Smith, the same candidates that faced each other last election.

The approaching presidential campaign may turn out to be filled with political dynamite, says another soothsayer. Are the "old reliables," prohibition, farm relief and the tariff to be the outstanding features?

Or will the arguments be about wage reduction, tax increase, business depression and unemployment?

During the last congressional campaign the argument of the democrats was—elect a democrat to congress, he may bring good fortune, anyway give him a trial over his republican competitor. And when he got a seat we find that nothing outstanding has been accomplished.

Thomas A. Edison

ALL the world sympathizes with Thomas A. Edison in his sickness. The inventor who has established a world-wide reputation because of his many devices in industrial fields has never stunted himself in pursuing his investigations. Stories are told of how he worked whole days at a time, foregoing sleep and meals to gain a coveted step in his discoveries.

He never regarded his deafness as an affliction. It gave him better opportunity to center on some problem without being worried about outside incidents. It shut off sound and conversation and permitted him to concentrate his whole faculties to the task at hand.

His one invention of the electric light globe did more to revolutionize the world than any other product of his brain. If you want to see how dependent we are on electricity, try living and working in some lake cottage not equipped with electric lights.

Rag Weed to Blame

It now develops that rag weed and not golden rod is the greatest source of hay fever infection.

Physicians, scientists and chemists have prepared a serum which it is believed renders one immune from hay fever. Injections are given the patient, usually in his arm, and it costs, so we are told, \$25 or more to take the full course.

Duluth annually holds a hay fever convention. Officers and members are all hay feverites and the proceedings at times are delayed by sniffles, snuffles and tears, overcoming the chairman so he can hardly put a motion while the audience can hardly hear him because of the general affliction.

Some people have a certain antipathy to various shrubs, vegetation, etc. It manifests itself against golden rod and rag weed. Others cannot eat certain fruits without having a detrimental reaction. For instance, some have a skin trouble when they eat strawberries.

Power of Insect World

THE power of the insect world is shown in the devastating advance of grasshopper hordes.

Some combination of the weather, presumably the heat waves which destroyed the vegetation they fed on, has induced the grasshoppers to multiply and to make their trek across country.

It reveals what happens when the delicate balance in the animal, bird and insect life is threatened and when the insects multiply beyond their usual ratio.

Colonial Furniture

Colonial refers merely to the time before the Union was formed. New England and Virginia were settled by the English, New York by the Dutch and Louisiana by the French. The Colonial furniture of each section resembled the furniture which had been brought to that part of the country. Almost all Colonial furniture was a simplified reproduction of the more elaborate furniture made abroad. A few designs originated in this country.

Pre-War Cases

A court of criminal appeals has held that a man cannot be fined for catching his own fish out of his own pond. And what other cases were held up while that momentous decision was being reached?—Oakland Tribune.

To The Rescue!

This willing victim of a water "accident" is hoping that her rescuer will soon earn the badge that adorns her own swimming suit. Being "buddies" in a Girl Scout camp they assist one another on all occasions, including the winning of their life-saving certificates which every Girl Scout must eventually acquire. Safety first is the slogan in all Girl Scout camps, where the counselors are training every girl this year to be so skilled in water sports that necessary precautions will become a matter of habit. In one group of 115 at Camp Andree in Westchester County, New York, 38 girls passed their life-saving test in one month.

Barbara Stanwyck and Ben Lyon in the thrilling romance-drama, "Night Nurse," which will be seen at the Paramount theatre Tuesday and Wednesday.

"NOW We Are Three"

KATHERINE AND BILL—what fun it is to know them! They seem to get so much out of living. You met them just a little over a year ago—the week before they were married. Ten days later it gave you a pleasant glow of anticipation to receive the trim card telling you when they'd be "at home."

And today you got another card, headed "Now we are three!" Bill's signature comes first, then Katherine's, and then—the guided, chubby scrawl of the newcomer, Jeremy.

You happen to know that although he is in line for an important promotion, Bill's present salary isn't large. Most other young couples would consider themselves "up against it" if they had to manage on so little. Yet Katherine and Bill maintain a standard of living that is the admiration of all their friends.

You know how they do it, for Katherine has told you. They budget all expenditures. And when they decide a purchase is to be made, whether it is a new shade for the reading lamp, or a suit for Bill, or shoes for Katherine, they study the advertisements until they find just what they want for the price they can pay. Careful, budgeted buying of consistently advertised merchandise enables them to get the most out of their dollars.

It's a wise baby that picks parents like these.

NATIONAL PUBLIC LINKS TOURNEY OPENS ON KELLER COURSE

188 IN ALL SET OUT IN QUEST OF GOLF TITLE

BUTCHER, BAKER, BRICKLAYER, BROKER, BOARD MARKER AMONG CONTESTANTS

IN ALL 29 TYPES OF WORK REPRESENTED IN 3RD LARGEST GOLF TOURNEY

By HILLIER KRIEGHBAUM
St. Paul, Aug. 4.—(U.P.)—Arthur G. Sato, 115-pound Japanese fish merchant from San Francisco, shot a par 72 over Keller course today to lead qualifiers in the National Public Links golf tournament.

St. Paul, Minn., Aug. 4.—The butcher, baker, broker, bricklayer and board marker and a lot of others—188 in all—set out today over the Keller course in quest of the National Public Links title.

In all 29 types of work were represented among the contestants in America's third largest golfing tournament. Only the National Open and Amateur surpass the present contest, which is the tenth annual affair.

Led by Robert Wingate, Jacksonville, Fla., defending champion, and Clark Kauffmann, Pittsburgh, three-time titleholder, 71 entries have competed in previous tournaments.

The first 18 holes of qualifying golf will be completed early tonight because of the large field. Another 18 hole test is scheduled for Wednesday with 32 leaders going into the matched play which starts Thursday.

Qualifying scores will be used to compile ratings for the Harding Cup four-men competition. The battle for the trophy which has been in Brooklyn during the past year is expected to be closer than ever before with the long list of favorites including Brooklyn, Louisville, Jacksonville, New York, Pittsburgh, San Francisco and Los Angeles. Twenty-eight cities have a

MAX SCHMELING TO DEFEND HIS TITLE TWICE IN 1932

chance to win with at least four men entered in the tournament.

Wingate shot 76 on the par 72 course in his final round of practice yesterday. Kauffmann, who many regard as the most serious threat to the championship, had one more stroke for a 77.

AMERICAN LEAGUE CLUB OWNERS NOT CRITICIZING UMPIRES

Chicago, Aug. 4.—(U.P.)—American league club owners have no fault to find with umpires in that circuit, President William Harridge said today after his recent visit to Boston, New York, Philadelphia and Washington.

The American league staff of umpires is the best we have had in several years," said Harridge, "and I found no owner dissatisfied with it. The players themselves failed to make a single protest again decisions in the games I attended."

Despite the depression and the commanding lead of the Athletics, Harridge said that all club owners were pretty well satisfied with the gate receipts thus far.

INDIANAPOLIS DEFEATS TOLEDO

GIVES CELLAR HOLDING CREW 6 TO 3 DEFEAT; REST OF TEAMS IDLE

Indianapolis, up in third place in the American Association, finished its series with the cellar-holding Toledo club by administering that lowly crew a 6 to 3 defeat. Hilderbrand, hurling a 6 to 3 defeat. Hilderbrand, hurling a 6 to 3 defeat. Hilderbrand, hurling a 6 to 3 defeat.

The rest of the teams were idle yesterday.

WINNING FLAG IN AMERICAN LEAGUE MERE FORMALITY

ATHLETICS VIRTUALLY CLINCH PENNANT BY TAKING DOUBLE-HEADER FROM SENATORS

INCREASE LEAD TO 12 FULL GAMES, WITH ONLY 50 GAMES TO PLAY

New York, Aug. 4.—(U.P.)—With the official winning of the 1931 American League pennant now a mere formality, the Philadelphia Athletics are turning their attention to the establishing of team and individual records.

The Athletics virtually clinched their third consecutive pennant yesterday by taking a double-header from Washington, 3 to 2 and 6 to 5, and increased their lead to 12 full games with only 50 games to play.

Previous to the double defeat Washington retained hopes of overtaking the Athletics, but Manager Connie Mack put an end to these aspirations by delegating Pitcher Lefty Grove and George Earnshaw to squelch the Senators. What interest remains in the American League pennant race now centers around the Athletics' activities.

Lefty Grove is the Athletics' chief hope for individual honors. The big southpaw turned in his 13th consecutive victory and his twenty-second of the season in taking the first game from Washington and now is aiming at the major league record of 19 consecutive victories, held by Tim Lincecum and Rube Marquard, both former New York Giants pitchers. In addition, Grove hopes to become the first southpaw ever to win 30 games in the major leagues and the first pitcher to

win 30 games since Jim Bagby won 31 games for Cleveland way back in 1921. Grove allowed 11 hits in defeating Washington but pitched shutout ball except for the eighth inning.

The Athletics also were out in the second game but three of their nine hits were home runs which accounted for four runs. Todd's homer in the eighth broke a 5 to 5 tie.

New York's third place Yankees nosed out the Boston Red Sox, 9 to 8, despite the Bostonians' four-run rally in the eighth. Earl Webb, Boston outfielder, hit two doubles and ran his season's total to 51, only 13 short of the major league record of 64 established by George Burns of Cleveland in 1928.

AGAINST WALKER AT MIAMI, FLA., IN FEBRUARY

AND AGAINST BEST AVAILABLE OPPONENT AT NEW YORK CITY IN JUNE

THIS IS ALL BASED ON PREMISE THAT HE FOLLOWS ADVICE OF HIS MANAGER

By DIXON STEWART (United Press Staff Correspondent)

New York, Aug. 4.—World's Heavyweight Champion Max Schmeling will defend his title twice during 1932—against Mickey Walker at Miami in February and against the "best available opponent" on a milk fund charity show in New York in June—if he follows the advice of his manager, Joe Jacobs.

Jacobs announced his plans for the two fights before sailing for Germany last night on the S. S. Bremen. He made it clear that he did not have authority to sign for the bouts without Schmeling's approval. He plans to visit with Schmeling and early in September, hopes to complete negotiations for the bouts.

Jacobs is convinced that a bout with Walker at Miami would be a big money maker.

"There never has been a world's heavyweight championship fight in Florida," said Jacobs, "and I think a bout with Walker would draw \$500,000. Stripling and Sharkey drew \$400,000 in Miami two years ago and with Schmeling now recognized as a worthy champion because of his knockout of Stripling and Walker up in the front ranks because of his showing against Sharkey a Schmeling-Walker bout should be a great card."

"As for the June bout, anyone of a dozen fighters have a chance to get the assignment. Sharkey forfeited his claim by his poor showing with Walker and we'll take anyone who fights his way through the mob. It may be Carnera, or Campolo, or then again it might be Retzlaff, Schaaf, Hamas or some other youngster. We don't care who it is just so he is a good drawing card."

Jacobs' ambitious program may not go through, however, as Schmeling has shown no anxiety to fight often. The sturdy Teuton promised to return to America for a second fight with Jack Sharkey, after winning his title, in 1930, and he signed for two fights in 1931, only to go back on his promise both times.

If Jacobs gets Schmeling back in

the United States to meet Walker in February—and it is doubtful that Maxie will refuse such a lucrative and apparently easy contest—he may keep the champion in this country until June and thus avoid the discovery of some "injury" which would prevent a second defense of the title.

Y. M. C. A., S. S. PLAY 6 TO 6 TIE

SOUTH SIDE GETS AWAY TO A GOOD START BUT FAILS TO HOLD 3-0 LEAD

Playing heads-up ball, Y. M. C. A. and South Side battled to an unbreakable 6-6 tie in a city league baseball game last evening.

South Side scored three runs in the first inning and another in the third. The "Y" came back with three scores in their half of the third and three more in the fourth while the South Siders scored two in the same inning.

Rich Bush twirled for the South Side and allowed only two hits but was inclined to be wild, issuing eight bases on balls while Jim Gabiou, "Y" moundster, was touched for six hits and issued four bases on balls.

Southeast and Northeast clash tonight.

ROSENBLUM IS FAVORITE TO RETAIN HIS CHAMPIONSHIP

New York, Aug. 4.—(U.P.)—Maxie Rosenbloom of New York is a 7 to 5 favorite to retain his world's light heavyweight championship in his scheduled 15-round bout with Jimmy Slattery of Buffalo at Ebbets field, Brooklyn, tomorrow night.

Slattery arrived in New York yesterday from his training camp at Speculator, N. Y., and was unimpressive in his final four-round workout for the bout. He appeared fat and slow and lacked the defensive skill which has enabled him to defeat Rosenbloom in four of their six previous contests.

CARNERA, ROBERTI TO FIGHT TONIGHT

Newark, N. J., Aug. 4.—(U.P.)—Primo Carnera and Roberto Roberti, rival Italian heavyweights, will make a second attempt to stage their scheduled 10-round bout at Dreamland park tonight. The bout was postponed last night because of rain.

Only one game was played in the National League, with Chicago defeating Cincinnati, 8 to 0. The shutout was the fourth straight for the Reds who now have gone 40 innings without scoring. Bob Smith allowed but five hits.

The Maxies of Maul

By HARDIN BURNLEY

TWO champs and one chump in big time pugdom now sport the name of Max Schmeling of Germany in tilting the heavyweight crown over that Stribling-poked eye and keeping both considerably out of walloping distance from any of Jack Sharkey's or Primo Carnera's wallops. Rosenbloom, naturally a native New Yorker, has been cavorting about Gotham's night clubs, his money, smiles, and lightweight tiara even more welcome than the badge of a not too grasping dry enforcer. Baer, the California newby, is gayly assuring all that all the punches of all the Paulinos, Loughrans, and Schaafs in all the world could not give him a bun, let alone intoxicate him.

Rosenbloom will defend his title soon against his old rival, Jimmy Slattery of Buffalo. They've boxed six times thus far, Maxie losing the first four, and winning the last two "dukes," the title itself being won at their 15-rounder in Buffalo a year ago last June.

"Rosey's" gay caballero ways may cost him the crown this time, though that is far from certain. Like the late Harry Greb, Maxie seems to be the exception to the rule that the merry life dooms star boxers. Perhaps the actual nature of his night life doings is exaggerated. And that may not be the real cause of his defeat should he fail to outcuff and outslap "Slats."

Some think "Rosey" is a mediocre champ. Well, in order to win

that distinction "Slapsy Maxie" had to outpoint such real toughs as Joe Anderson, Tiger Payne, Joe Seayra, Leo Williams, Yale Okun, Leo Lomski, Ace Hudkins, Larry Johnson and finally "Slats" himself, and all of those boys were rough when Maxie cuffed 'em around.

If either "Rosey" or the bump-tious young Baer were as intelligently serious as Schmeling, both would become superstars; for the New Yorker is a great ring craftsman and the Californian has an extraordinary fighting physique. But "Rosey" clowns and Baer, too, is a merrymaker. Think of what they'd do in Schmeling's native beer gardens, these warm nights: Prost! die Maxies, hoch! hoch! hoch!!!

Y. M. C. A., S. S. PLAY 6 TO 6 TIE

SOUTH SIDE GETS AWAY TO A
GOOD START BUT FAILS TO
HOLD 3-0 LEAD

Playing heads-up ball, Y. M. C. A. and South Side battled to an unbreakable 6-6 tie in a city league baseball game last evening.

South Side scored three runs in the first inning and another in the third. The "Y" came back with three scores in their half of the third and three more in the fourth while the South Siders scored two in the same inning.

Rich Bush twirled for the South Side and allowed only two hits but was inclined to be wild, issuing eight bases on balls while Jim Gabiou, "Y" moundster, was touched for six hits and issued four bases on balls.

Southeast and Northeast clash tonight.

ROSENBLUM IS FAVORITE TO RETAIN HIS CHAMPIONSHIP

New York, Aug. 4.—(U.P.)—Maxie Rosenbloom of New York is a 7 to 5 favorite to retain his world's light heavyweight championship in his scheduled 15-round bout with Jimmy Slattery of Buffalo at Ebbets field, Brooklyn, tomorrow night.

Slattery arrived in New York yesterday from his training camp at Speculator, N. Y., and was unimpressive in his final four-round workout for the bout. He appeared fat and slow and lacked the defensive skill which has enabled him to defeat Rosenbloom in four of their six previous contests.

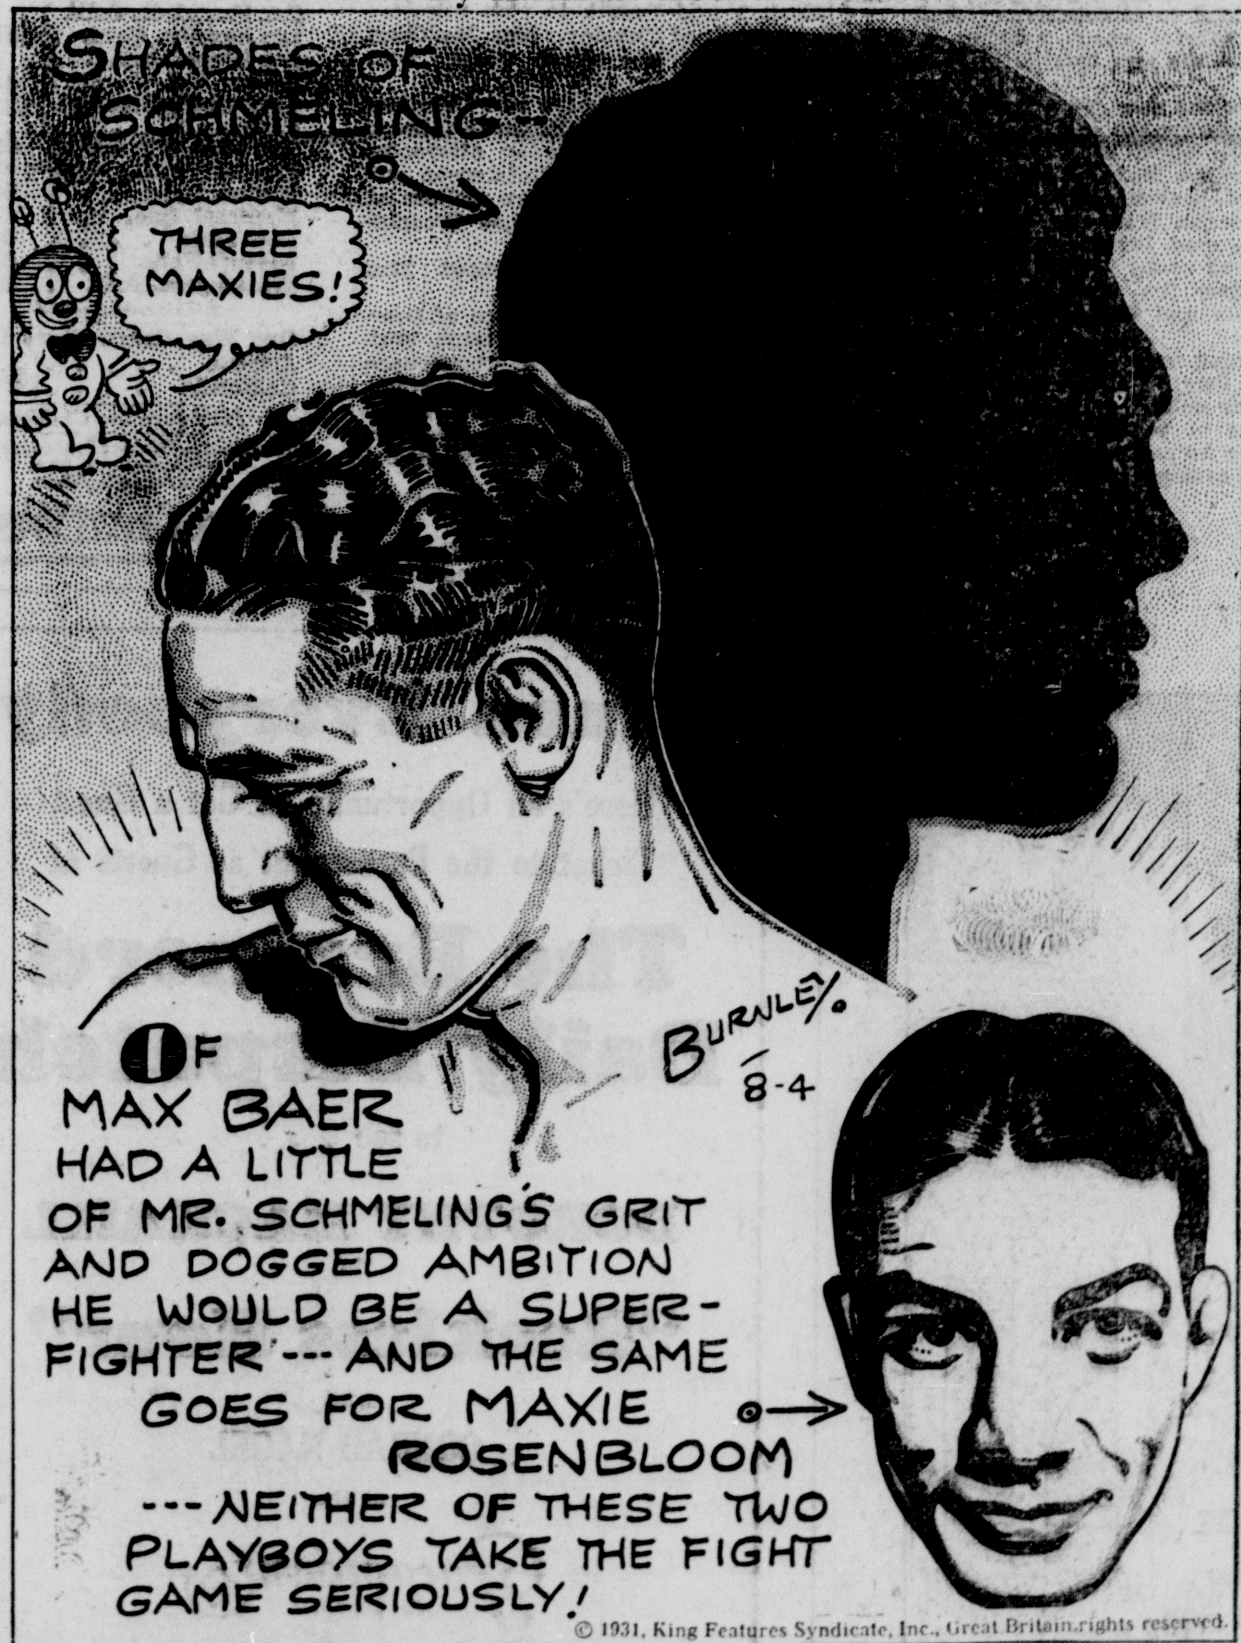

CARNERA, ROBERTI TO FIGHT TONIGHT

Newark, N. J., Aug. 4.—(U.P.)—Primo Carnera and Roberto Roberti, rival Italian heavyweights, will make a second attempt to stage their scheduled 10-round bout at Dreamland park tonight. The bout was postponed last night because of rain.

Only one game was played in the National League, with Chicago defeating Cincinnati, 8 to 0. The shutout was the fourth straight for the Reds who now have gone 40 innings without scoring. Bob Smith allowed but five hits.

The Maxies of Maul

By HARDIN BURNLEY

TWO champs and one chump in big time pugilism now sport the name of Max Schmeling of Germany in tilting the heavyweight crown over that Stribling-poked eye and keeping both considerably out of walloping distance from any of Jack Sharkey's or Primo Carnera's wallop. Rosenbloom, naturally a native New Yorker, has been cavorting about Gotham's night clubs, his money, smiles, and lightheavy tiara even more welcome than the badge of a not too grasping dry enforcer. Baer, the California newliwed, is gayly assuring all that all the punches of all the Paulinos, Loughrans, and Schaafs in all the world could not give him a bun, let alone intoxicate him!

Rosenbloom will defend his title soon against his old rival, Jimmy Slattery of Buffalo. They've boxed six times thus far. Maxie losing the first four, and winning the last two "dukes," the title itself being won at their 15-rounder in Buffalo a year ago last June.

"Rosey's" gay caballerro ways may cost him the crown this time, though that is far from certain. Like the late Harry Greb, Maxie seems to be the exception to the rule that the merry life dooms star boxers. Perhaps the actual nature of his night life doings is exaggerated. And that may not be the real cause of his defeat should he fail to outcuff and outslap "Slats."

Some think "Rosey" is a mediocre champ. Well, in order to win

that distinction "Slapsy Maxie" had to outpoint such real toughs as Joe Anderson, Tiger Payne, Joe Sekyra, Leo Williams, Yale Okun, Leo Lomski, Ace Hudkins, Larry Johnson and finally "Slats" himself, and all of those boys were rough when Maxie cuffed 'em around.

If either "Rosey" or the bumptious young Baer were as intelligently serious as Schmeling, both would become superstars; for the New Yorker is a great ring craftsman and the Californian has an extraordinary fighting physique. But "Rosey" clowns and Baer, too, is a merry-maker. Think of what they'd do in Schmeling's native beer gardens, these warm nights: "Prosit! die Maxies! hoch! hoch! hoch!"

LOCK AND DAM AT ALMA, WISCONSIN. TO COST \$4,000,000

Wabasha, Minn., Aug. 4.—(U.P.)—Construction of a lock and dam to cost between \$4,000,000 and \$5,000,000 at Alma, Wis., was approved today by a special board of government engineers.

The action followed a public hearing at which considerable testimony was taken from residents of the city and surrounding territory, urging immediate start on the project.

The board's recommendation for immediate start on the structures was approved by Colonel George R. Spaulding, division engineer, the board of engineers for rivers and harbors at Washington, and Major General Lytle Brown, chief of army engineers.

An initial pool elevation of 667 feet mean sea level was approved by the board, which specified that the structure be built as to be readily adaptable to a pool elevation of 670 feet.

Proof of Nobility

It is a proof of nobility of mind to despise injuries.—Seneca.

Attention, Milady! Here's the Very Latest and Most Chic Hats and Suit

New Derby Chapeaux in Dark Green Velvet, Trimmed with Buckle or Ribbon, Are Proving Immensely Popular. Wine-Colored Lyons Velvet Street Suits Also Favorites.

If Milady wants to know just what to wear in wear, cast your eyes upon this array of aids to girl, with perhaps a much leaner purse, if you Note the type of new derby hat in dark green velvet in front and string of velvet ribbon encircling. At right is an attractive little black velvet hat are of white kid. And don't forget the wine-colored trimmed with grey Persian Lamb, lined with ash suede bag, trimmed with black

By ALICE ALDEN

NEW YORK, Aug. 00.—Clothes are going to be an adventure this year.

Wisely have the fashion designers borrowed from the past, and by clever adaptation have incorporated fashion highlights of other days into clothes that are ultra-modern in their taste, beauty and harmonious relationship with the world of today.

The general acceptance of the model known as the Empress Eugenie has paved the way for picturesque clothes. In truth, the Eugenie is indeed a revolutionary hat. For it has made necessary a complete revolution in the general silhouette. Thus, the fulness will be above the waist, especially for those coats designed for street wear. The flared skirt for coats and suits will give way to the wrap-around effect to accompany bodice fulness. Tiny muffs will be featured with many of the new coats and fur trimmed suits. Fur trimmed cloth coats for general wear, and velvet coats, luxuriously befringed, for formal afternoon and informal evening wear will be the rule.

Velvet will be more the vogue than ever. At one time regarded as a luxury fabric, it has been so developed and improved that the

finest weaves are now moderate in price and so within the reach of most of us. The cheaper grades of velvet that wore so badly and looked bedraggled and crushed after almost the initial wearing are disappearing before the really excellent and hard-wearing qualities of the new velvets.

Velvet for formal afternoon and evening will be the rule, with of course velvet hats playing a tremendous role in the latest style pageant.

Felt will make its re-entry after an absence of several seasons as a millinery highlight. It will be used alone and also combined with velvet and chenille. Be careful of the new hats. There is a right and a wrong way to wear them. Seek the advice of a capable saleswoman and study the pages of style magazines before deciding on one. It may be true, too, that the style of hair dressing will not suit your new hat. In that case you should seek modified adaptations of the new mode. And be careful about feathers.

Ostrich feather trimming and long plumes are back, very much in keeping with the new sartorial picture. They are lovely and most picturesque. But an elaborately trimmed ostrich hat is not for general wear or for the business girl en route to or from the of-

fice. Better stick to a plain hat with a tiny feather fancy or a quill. Use the new modes with discretion. Don't wear anything at all times just because it is the fashion. One becomes part of the mode by adapting and adopting the best of the current fashions and wearing them at the right time and for the correct occasion. Even the cheapest store will be showing versions of the flat bowler hat in felt or velvet, encircled with ostrich feather trimming and having a plume hanging over the brim. It is a mode that naturally lends itself to exploitation. And so be careful about wearing it. Don't let the new hats go to your head.

As to the new coats, many will have separate shoulder capelets of fur, also gilets or waistcoats of fur for the more sporty models. Leopard, beaver, red fox and cross fox, Persian lamb and astrakhan will be used for utility and general wear coats. For the dressy coat silver fox, skunk, cross fox, blue fox and skunk will be favored.

Evening wraps will be mostly of velvet, long, slim and topped with rich fur collars. Afternoon ensembles in velvet with fine lace will also be part of the high mode. Of the evening frocks, more anon.

THE MODERN PIED PIPER

ROBBINS AND JONES STILL AT FAIRBANKS

RESTING PREPARATORY TO THE START FOR FORT WORTH, TEXAS

Fairbanks, Alaska, Aug. 4.—(U.P.)—Reginald Robbins and Harold S. Jones, who twice have failed to make a non-stop refueling flight from Seattle to Tokio because of bad weather—rain and fog—engulfed their yellow and white monoplane Fort Worth, making it impossible to establish connections with the refueling plane, were resting here today preparatory to their start for Fort Worth, Tex.

The fliers spent several anxious hours yesterday when the Ford trimotored refueling plane, piloted by Nick Greener and Jim Mattern, which became separated from the Fort Worth in a dense fog as the two planes were en route to Unalakleet, Alaska, was reported missing.

Reports reached here later, however, which said Mattern and Greener were forced down at Ruby, Alaska, about 200 miles west of Fairbanks, and the refueling plane reached here at 10:24 Pacific standard time last night from Ruby, where it had been held by fog and rain.

They will not make another attempt this year, they said, as the Alaskan nights are rapidly becoming darker and longer as the fall weather is setting in.

SOUTH BAY LAKE

Mr. and Mrs. Tom Scott and two children were dinner guests at the R. C. Jones home Friday.

Mr. and Mrs. Herman Case and son Howard and Mr. and Mrs. Will Case, all of Anoka, are staying at their summer home on Turtle lake for a few days.

Dorothea Elmore spent Thursday visiting Florence Jones.

E. R. Borden and family were callers at the Tom Scott home Friday forenoon.

Abel Christianson now has a Chevrolet coach.

Mr. and Mrs. C. Falkenrath and daughter Margaret and girl friend of Brainerd were dinner guests at the Carl Wilson home Thursday evening.

Ed Peterson of Bay Lake has returned to his work on the road near Aitkin.

Mrs. Ed Elmore called on Mrs. Ed Stinson Monday morning.

Roscoe Jones and daughter Florence and Dorothea Elmore were visitors at the Elmer Tollefson home at Nokai lake Thursday evening.

Mrs. Medding and daughter Myrtle of South Dakota are visiting Mrs. Seipp, the former's sister. They left Thursday afternoon for Grand Rapids, Eveleth and Duluth to visit relatives and returned Tuesday. Mrs. Medding will remain two more weeks with Mrs. Seipp.

Mr. and Mrs. Elmore and Dorothea were visitors at Mrs. Elmore's father's Hiram Scott, Sr., Sunday afternoon.

Mr. and Mrs. Isaac Christenson and Mrs. Andrew Nelson were visitors at the Abel Christenson home Wednesday evening.

Mrs. Alfred Peterson visited Mrs. Jones Saturday afternoon.

Mr. and Mrs. Clifford Olson of Deerwood and Mr. and Mrs. Ralph Wafensmith called at the A. Christenson home Tuesday evening of last week.

Ed Peterson, Orville Borden, Helen Harding, Carl Nelson and Florence Jones attended the theater in Brainerd Sunday evening.

Mr. and Mrs. Wilson called at the Case home Sunday afternoon.

Roy Latta returned Thursday afternoon from St. Paul with seven head

of fine pure-bred Holstein cattle from the John Irwin farms for Bob Johnson of Shirt lake. Mr. Latta reports that this is some of the finest Holstein cattle ever brought into this part of the state.

JAIL LAKE

A group of young people were enjoying the water at Jail Lake Tuesday. Among them were Rollen Huffman, Charlie, Helen and Archie Hardy, Donald, Eugene and Larry Glover, Charles Tollefson and Orville and Erwin Van Kampen.

Mr. and Mrs. John Nelson and daughter Ione returned to their home at Owatonna Friday.

Jack Hundley spent Thursday afternoon at the G. A. Glover home.

Evelyn Glover spent Tuesday afternoon with her friend Helen Hardy.

Mrs. Glenn Glover called on Mrs. Nels Anderson Saturday afternoon.

Edna and Ernest Johnson called on the Glenn Glover family Thursday evening.

Mr. and Mrs. Leon Glover and children Virginia and Charley Arthur and niece Isabel Glover and Billie Glover called on Mrs. Martha Glover Sunday afternoon.

EIGHTH AVE. TO BE BUSY STREET

Approach to Street to be Made by
State Highway Department;
City's Share Small

WILL SERVE MILL AVENUE

Prepare for Service Street to New
Highway; Future Improvement
to be Considered

The approach to Highway No. 2 at the intersection of Eighth Avenue Northeast Brainerd was investigated by the street committee and City Engineer R. T. Campbell and reported on at last evening's city council meeting. The present approach is only 16 feet wide and is entirely inadequate for the amount of traffic which will use this approach when Highway No. 2 is opened for traffic. It is contemplated that a large part of the traffic now using the Merrill road will reach Highway No. 2 by way of Eighth Avenue Northeast in the future.

The street committee and Mr. Campbell recommended to the council the roadway be widened to a width of 40 feet over the culvert which now crosses Eighth Avenue carrying the drainage from the swamp west of Eighth Avenue to Rice Lake.

This recommendation also provided for purchase of and installation of 72 lineal feet of 24 inch concrete pipe. The cost of such pipe and installation will amount to approximately \$150 and the council approved the expenditure.

H. G. Sorenson, resident engineer of the Minnesota Highway Department, is assisting in this installation by having the necessary grading and filling of the approach done by the contractors on Trunk Highway No. 2.

The improvement of Eighth Avenue between H street and the new highway is a matter of future consideration. Assistance from the county will be sought in making this improvement. Linking State Aid Road No. 3 with T. H. No. 2.

To Vacate Part of Street

The council ordered a hearing held in the proposed vacation of the unplatted portion of H street between League Avenue and Mill Avenue. H street between these points is approximately 113 feet wide and the present roadway is on the north portion of that strip.

The reason for the vacation is that there is no travel on the strip to be vacated and that if any improvement such as paving, curbing or sidewalks is made the city as a whole will be responsible for cost of same. Width of the proposed street after the vacation has been made will be 80 feet, measured from the present north line of H street.

Fullerton Appointed

D. H. Fullerton, former city attorney, was appointed acting city attorney for the remainder of the absence of City Attorney Wm. J. Swanson.

The city attorney is at present recovering from effects of pleurisy and is expected to resume his duties some time this month.

Aldermen R. H. Paine and George E. Erickson offered the motion to vote by ballot informally on the choice. Fullerton received seven votes and Hilding A. Swanson, one. On the formal ballot, Fullerton received all nine votes.

Gas Permits Granted

Licenses to operate drive in gasoline filling stations were granted the following:

Joseph Skarsted, 415 G street N. E. who will operate a two pump station at 4th Ave. and A street N. E.

W. J. Cossette who will operate a station at 1023 South Sixth street.

John W. Anderson who will operate a station at Front and Fourth street.

Alleys Paving Favored

City Engineer R. T. Campbell explained to the council that the sentiment of the property owners affected in the proposed paving of downtown alleys in Blocks 41, 43 and 45 appears in favor of paving. He said the score now stands: owners of property favoring project, 1640 lineal feet of property; owners of property opposed, 1,900 lineal feet.

Campbell explained that the cost would be approximately \$2 a front foot, the paving six inches, there would be little drainage work and the excavation work would not be difficult.

Desiring more time the council voted to defer action until the next meeting.

Refuse Storage Request

The city clerk was instructed to write I. J. Shields of the Standard Oil Co. office at Duluth explaining to him in response to his letter that the reason why the company's request for an additional tank for bulk storage at 8th and Front was not granted was because the projected tank does not comply with the city fire ordinance nor

is it favored by adjoining property owners.

To Attend School

Fire Chief Frank W. Fuller was authorized to attend the Northwest Fire School at the University of Minnesota September 21-25.

Fuller requested that one of the city firemen be also appointed to attend the school but the council felt that the city's finances could not warrant the expenditure.

City Engineer Campbell requested the council to order the placing of no parking signs on Kingwood street between 10th street and the fill during the time of the construction of the new junior high school. The police department was instructed to enforce this order.

In connection with the construction of the school the council expressed the sentiment that Brainerd men be given preference in employment.

Action on the paving of Maple street between 5th and 6th streets was deferred until the next meeting.

Louis W. Sherlund again appeared before the council with a proposition to furnish the city hall furnace with a stoker. His plan was to lease the stoker to the city at \$25 a month for three years at six percent and at the close of that time sell the stoker to the city for one percent of the cost.

The matter was referred to the city property committee.

John J. Hoffman, 523 North 10th street, was granted permission to connect his house sewer to the main sewer at 10th and Holly streets with the understanding that if a lateral goes through he will pay the assessment.

Milk and cream licenses were granted the following: A. C. Love, Wm. D. Allston, Henry Fleischaker, Carl Gordon.

The Water and Light department reported: receipts and disbursements for the month of July, former, \$14,392.53; latter, \$17,897.68.

Frank W. Fuller asked permission to put in curbing in front of his house, North 10th street, at his own expense to be approved by the city engineer. The request was granted.

GARRISON

G. L. Gillham who has been ailing for the last year is in the Brainerd hospital.

Mr. and Mrs. Parry Border and Luella Hill were Brainerd visitors Monday morning.

Mr. and Mrs. Clyde James and daughter Bonna Jean of Brainerd were in Midland Sunday.

Lloyd Benjamin who has been nearly to the Idaho line looking for work is home again.

Harvey Pummel who has been at George Hill's for the past year returned to his home at Dixon, Mont., last week.

Harold Meschke who is working in Brainerd spent the week end with his wife at "Big Pike Resort."

Mr. and Mrs. F. P. Benjamin and Mrs. Lottie Finnegan were dinner guests at the home of Frankie Benjamin Sunday in Brainerd.

Mr. and Mrs. Roy Sullivan and children of Vineland were callers in Midland Sunday. They came after their daughter Bernice who has been the guest of her grandparents for the past three weeks.

Callers at the George Hill home Sunday were Mrs. Floyd Davis and two boys, Mr. and Mrs. Clyde James and Bonna Jean, Mr. and Mrs. Harold Meschke and son, Mr. and Mrs. Lynn Hill and daughter, Mr. and Mrs. J. H. Dickinson, Mr. and Mrs. Parry Hill, Mr. and Mrs. F. P. Benjamin and Mrs. Lottie Finnegan.

Adolph Metzger visited over Sunday at his home.

The ball game Sunday between the Indians and Long Lake was not very exciting, the score being 24 to 8.

Buster Hill is having lots of fun these days with his motorcycle.

Every one was glad to see the rains of the past few days, although it interfered some with hay making.

Mrs. Albert Jones, Mrs. Charlie Jones and Margaret and Clarence Jones were Brainerd shoppers Monday morning.

Orvil Hill and Mrs. Gillham went to Brainerd Sunday to see Mr. Gillham who is in the hospital.

CARD OF THANKS

We wish to express our heartfelt thanks to all friends and neighbors and who so kindly assisted us in our sad bereavement also for the beautiful floral offerings.

Mrs. Jenny Nordstrom.
Mr. and Mrs. Sidney Leonard.
Mr. and Mrs. Clifford Nordstrom.

FOUR IN STREET BRAWL ARRESTED

Get Into Car After Fight, Arrested by
Highway Patrol Officers
Who See Mellee

DRIVER FINED \$100

Three Companions Each Fined \$10 on
Disorderly Conduct
Charges

Harvey Raines, Brainerd, would have saved \$90 if he had not have driven his car on Trunk Highway No. 2 last night after a brawl in which four men took part last night on Third street between Front and Laurel streets.

While his companions, George Lytle, Alvin Hagen and Loyd Lytle were only fined \$10 for disorderly conduct, Raines because he was driver of the car and kept zigzagging about the highway, constituting careless driving, was fined \$100.

The cases came before Judge J. H. Warner in municipal court this morning.

Minnesota Highway Patrol officers witnessed the mellee from their quarters in the highway department office. The fight was outside the scope of their duties since the men were not on a state highway. An alarm was sent in to the city police office but in the meantime the men got into Raines' car to either escape the law or resume the fight on the outskirts of the city.

Seeing the car drive away highway patrol officers followed it and arrested Raines at the west end of the Mississippi river bridge on Laurel street. City police swore out complaints against the Lytles and Hagen while the patrol officers entered the complaint against Raines.

Liquor was found in the car and police said that the men were drunk. They could not advance any reason for the street fight.

The city complaint formally charged the three men with talking and cursing loudly, causing disturbance to others and threatening to do bodily injury to each other. The men appeared to have struck several blows with telling effects as they wore blood stained shirts.

Florence Rebekah Lodge Holds Rousing Meeting

The Florence Rebekah Lodge No. 111, I. O. O. F. held a rousing meeting last evening after the routine order of business had been transacted.

Brother L. N. Grant gave a fine talk on his recent trip to the coast, mentioning in particular the time he spent with Mr. and Mrs. Skinner of Yakima, Wash. Mr. and Mrs. Skinner are former Brainerd residents. Mr. Grant brought back some of Mr. Skinner's very delicious apricots, everyone present receiving a sample.

Brother C. Bruhn also gave a talk on Yellowstone National Park and its many wonders. Mr. and Mrs. Bruhn have just returned from their vacation trip to Yellowstone.

Divorce Decree Granted

A divorce decree was granted Mrs. Ethel Quackenbush of Brainerd today by Judge B. F. Wright in district court. The defendant P. Alfred Quackenbush charged with desertion made no defense. Ryan, Ryan & Ryan were attorneys for Mrs. Quackenbush.

Harm in Overpraise

Too much magnifying of man or matter doth irritate contradiction and procure envy and scorn.—Bacon.

COMMISSIONERS SET TAX LEVY TODAY

Work for Reduction of One Mill; Consider Bridge for Ideal Township This Morning

Hoping for a reduction of county taxes at least one mill, the County Board of Commissioners was to fix the tax levy for the county at today's meeting.

The commissioners were to take up the matter of appropriations in the various funds late this afternoon.

The chief interest in this morning's business of the board was the consideration of a bridge to be erected over Willow Creek on a township road in Ideal township.

The township road leading off State Aid Road No. 7 is at present blocked off since the old bridge over the creek was washed away in the June rainstorms.

Anton Munson and Louis Johnson of the Ideal town board appeared before the board asking financial help in the construction of the bridge.

The commissioners voted to take action at the August 15 meeting and instructed County Highway Engineer Walter M. Murphy to conduct sound-

ings and to make a report. The report may advise the placing of culverts instead of the bridge if the investigation proves that such would be more practical. The August 15 meeting was originally called for the receiving of bids for the treatment of tar on the Lum Park road.

Highway Work Delayed

The drying up of Rum river near Onamia has caused the Hallett Construction Co. of Crosby to close down its road construction work until other facilities for getting water have been devised. Twelve miles of pavement have been laid between Onamia and Milaca.

Fix 4-H Club Event

The board of directors of the Cuyuna Range Agricultural association will hold the 4-H club exhibit at Ironton August 15 and the Crosby fair some time in September.

German Term for Nobility

"Von" in a German name literally means "of." It is to be found in the surnames of families of noble birth.

Counting the Years

We do not count a man's years until he has nothing else to count.—Emerson.

Cars Collide Headon
Pillager people miraculously escaped serious injury when the cars of Charles Gardner and Mike Dorsey crashed headon near the Bertel farm south of the river Sunday. The cars were badly damaged.

\$5,000 Blaze at Summer Home

Fire yesterday destroyed the garage and servants house at the summer home of A. C. Vonhagen, Crosby, causing damage estimated at \$5,000. A short circuit in one of the cars in the garage is blamed. Three cars also burned.

BE THERE TONIGHT!

EIGHTH AVE. TO BE BUSY STREET

Approach to Street to be Made by
State Highway Department;
City's Share Small

WILL SERVE MILL AVENUE

Prepare for Service Street to New
Highway; Future Improvement
to be Considered

The approach to Highway No. 2 at the intersection of Eighth Avenue Northeast Brainerd was investigated by the street committee and City Engineer R. T. Campbell and reported on at last evening's city council meeting. The present approach is only 16 feet wide and is entirely inadequate for the amount of traffic which will use this approach when Highway No. 2 is opened for traffic. It is contemplated that a large part of the traffic now using the Merrifield road will reach Highway No. 2 by way of Eighth avenue Northeast in the future.

The street committee and Mr. Campbell recommended to the council the roadway be widened to a width of 40 feet over the culvert which now crosses Eighth avenue carrying the drainage from the swamp west of Eighth avenue to Rice Lake.

This recommendation also provided for purchase of and installation of 72 lineal feet of 24 inch concrete pipe. The cost of such pipe and installation will amount to approximately \$150 and the council approved the expenditure.

H. G. Sorenson, resident engineer of the Minnesota Highway Department, is assisting in this installation by having the necessary grading and filling of the approach done by the contractors on Trunk Highway No. 2.

The improvement of Eighth avenue between H street and the new highway is a matter of future consideration. Assistance from the county will be sought in making this improvement linking State Aid Road No. 3 with T. H. No. 2.

To Vacate Part of Street

The council ordered a hearing held in the proposed vacation of the unplatted portion of H street between League avenue and Mill avenue. H street between these points is approximately 113 feet wide and the present roadway is on the north portion of that strip.

The reason for the vacation is that there is no travel on the strip to be vacated and that if any improvement such as paving, curbing or sidewalks is made the city as a whole will be responsible for cost of same. Width of the proposed street after the vacation has been made will be 80 feet, measured from the present north line of H street.

THICK SWARMS OF GRASSHOPPERS INVADE ROME, ITALY

HOUSES, BUILDINGS, THOROUGHFARES COVERED BY THE PESTS

PEASANTS SET FIRE TO THEIR FIELDS TO VAINLY STOP THE ADVANCE

By THOMAS B. MORGAN
(United Press Staff Correspondent)

Rome, Aug. 4.—(UP)—Thick swarms of grasshoppers descended on Rome today, attacking the ancient capital by the millions.

The insects infested the entire city. They covered the houses, buildings and thoroughfares, and their advance guards swarmed across the countryside, causing anxiety and no little damage from Rome to the seaside resorts of Austria.

Trees in the "war zone" were stripped and bare. Motorists reported the highways thick with the insects. They crunched through roads deep with the pests, while their windshields were black with grasshoppers and radiators caught hundreds.

Railways reported similar experiences in coming through the grasshopper zone to Rome. The heavens were dark with clouds of the hoppers rising from brief scurrying flights over the fields. Train windows were closed tightly despite the summer heat, but thousands of insects found their way into the coaches.

Peasants set fire to their fields in an effort to halt the advance of the grasshopper armies. They reported great acreages burned, destroying hundreds of thousands of hoppers, but without an apparent effect on the march of the insects.

The swarms were reported growing worse daily in the rural districts. Carabineers ordered the peasants to cease setting fire to their fields when this mode of defense appeared futile.

The grasshoppers that reached the city died by tens of thousands. They hopped into buildings and died of starvation before they could move on

to find fields where they could eat. The street department had difficulty in sweeping them away.

The attack was the first raid of grasshoppers in Rome in years. It caused more inconvenience than alarm in the capital, but anxiety grew in the farm areas where crops were menaced.

EDISON RECOVERING FROM HIS RELAPSE

TREMENDOUS MENTAL AND PHYSICAL VITALITY CARRYING HIM THROUGH

West Orange, N. J., Aug. 4.—(UP)—The tremendous mental and physical vitality that carried Thomas A. Edison through a long life of hard work came to his aid today at his Llewellyn Park home where he is recovering from a collapse suffered Saturday.

Physicians attending the aged inventor held a lengthy conference this morning and issued the following bulletin.

"Mr. Edison slept eight hours and had the best night so far. He ate his breakfast with relish, read the morning paper, and shows evidence of returning strength and health."

Edison breakfasted today on berries, cereal and a glass of milk. His condition is considered sufficiently improved to enable him to see visitors and tomorrow Samuel Insull, Midwest utilities magnate, will be his guest.

Miss Amy Johnson is Forced Down at Khailir

Tokio, Aug. 4.—(UP)—Miss Amy Johnson, British flier who left Manchuli at the Siberia-Manchuria west border this morning en route from London to Tokio, was forced down at Khailir, 100 miles east of Manchuli, on the Chinese Eastern railway.

Any damage suffered was evidently superficial, for she announced she would proceed to Harbin at 8 a. m. tomorrow. Harbin is the junction point where the southern branch of the T-shaped Chinese Eastern railway meets the east-and-west line, in middle Manchuria.

STOCK MARKET OPENS IRREGULAR

TRADING IN SMALL LOTS DOMINATES N. Y. STOCK EXCHANGE

By ELMER C. WALZER
(United Press Financial Editor)

New York, Aug. 4.—The stock market opened irregular today with trading in small lots.

Steel Common dipped 3-4 to 86 on the first sale, while Western Union dipped 1-3-4 to 115-3-4. Westinghouse dipped to 59-1-4 off 1/2; United Aircraft 27 off 1/2; and Corn Products 18-7-8 off 5-8.

Rails were easier, amusements mixed, foods firm and oils steady.

FLIRTATION ENDS IN DEATH OF WOMAN

Los Angeles, Aug. 4.—(UP)—Robert Boyland sighted a pretty woman on an outlying street corner, and persuaded her to ride with him, he told police.

They drove until dinner time and then stopped at a restaurant. After leaving the cafe they went for a second drive.

His companion became singularly quiet, and Boyland, 42 years old, thought she was abashed by the newness of their acquaintance. Finally he pressed her for a reply.

He discovered he had been riding with a dead woman.

Police physicians said she had been dead two hours. Boyland was held as police sought to learn the woman's identity.

Uncovering Herculean

Ruins of Herculean, buried during the eruption of Vesuvius in 79 A. D., were discovered in 1919 when the ruler of Naples began digging a water reservoir at the site of the old city.

False Profundity

Jud Tunkins says some men manage to get a reputation for profundity by reciting off the titles of a lot of books that nobody actually reads.—Washington Star.

Notice of Mortgage Foreclosure Sale

NOTICE IS HEREBY GIVEN, That the mortgage made and executed by Andrew E. Lind, a single man, as Mortgagor, to Adolph Anderson, as Mortgagee, dated July 1st, 1911, and recorded in the office of the Register of Deeds of Crow Wing County, Minnesota, on July 1st, 1911, at two o'clock P. M., in Book 3 of Mortgages on page 11 of Mortgages, the following described land in said Crow Wing County, Minnesota, to-wit: The North Half of the Southeast Quarter (N½ of SE¼) of Section Twenty-eight (28) in Township Forty-four (44), North of Range Thirty-one (31) West, which said mortgage was assigned to Agnes A. Falk, by the Final Decree of Distribution, filed and entered in the Probate Court of Crow Wing County, Minnesota, in the matter of the Estate of said Adolph Anderson, deceased, dated April 8th, 1929, and recorded in the office of the Register of Deeds of said Crow Wing County, on April 16th, 1929, at five o'clock P. M., in Book 79 of Deeds, on page 24, part of said land, being the Northeast Quarter (NE¼) of said Section 28, Township 44, Range 31, in said Crow Wing County, having been released and discharged from the lien and operation of said mortgage, by an instrument of partial release made and executed by said Adolph Anderson, dated and recorded May 21st, 1912, and recorded in the office of the Register of Deeds of said Crow Wing County, on May 21st, 1912, at one o'clock P. M., in Book 11 of Mortgages on page 468, will be foreclosed by a sale of the remaining mortgaged premises, being the Northwest Quarter (NW¼) of said Section 28, Township 44, Range 31, in said Crow Wing County, which premises are now subject to and covered by said mortgage, by the Sheriff of said County, pursuant to statute, at the front door of the County Court House in the City of Brainerd, Crow Wing County, Minnesota, on August 15th, 1931, at ten o'clock A. M., to satisfy the sum of \$641.88, principal and interest due thereon and unpaid this date.

Dated June 30th, 1931.

ORDER LIMITING TIME TO FILE CLAIMS AND FOR HEARING THEREON

State of Minnesota, County of Crow Wing, ss., in Probate Court.

No. 3549

In the matter of the estate of Gustaf G. Gustafson, also known as Gust R. Gustafson, and as G. R. Gustafson, deceased.

Letters of administration this day having been granted to William C. Gustafson, and an affidavit of no debts having been duly made and filed hereon.

IT IS ORDERED, That the time within which all creditors of the above named decedent may present claims against his estate in this Court, be, and the same hereby is, limited to three (3) months from and after the date hereof; and that October 26th, 1931, at 10 o'clock A. M., in the Probate Court Rooms at the Court House at Brainerd, in said County, be, and the same hereby is, fixed and appointed as the time and place for hearing upon and examination, adjustment and allowance of such claims as shall be presented within the time aforesaid.

Let notice hereof be given by the publication of this order in the Brainerd Daily Dispatch, a daily newspaper, as provided by law and by mailed notice as provided by the rules of this court.

Dated July 30th, 1931.

(Probate Court Seal) L. R. KINDER, Probate Judge.
